HOUSE SLOWS ACTION ON DRAFT BILL

CITY COUNCIL ACTS TO SPEED SEWER WORK

Storm Line To Relieve Eastern Section; Vote To Buy New Fire Ladder Truck.

City council last night managed to transact its business and adjourn before midnight for virtually the first time since the present council took office in January

A mere handful of legislative measures none controversial were speedily approved including purchase of a new aerial ladder truck for the city fire department

Two zoning changes from residential to commercial were approved at public hearing without opposition and a petition by 450 residents of the southeast section of the city seeking action on construction of a storm water sewer was accepted for immediate action.

Council approved expenditures of $26 000 for the new aerial ladder truck and incidental fire department equipment. Purchase had been recommended by Fire Chief Owen A Sifritt in his annual report, and marks another step in the city program of replacing antiquated fire apparatus with modern equipment. The city last year purchased a $13 500 pumper and replacement apparatus was purchased also in 1943 and 1941 when a new pumper and quad truck were placed in service

To Replace Old Truck

The new aerial ladder truck will replace a Seagrave 75-foot ladder job in service here since 1916 The fire chief has condemned it as unsafe due to the condition of its ladders The new truck will boast an 85-foot ladder and with its purchase the city fire department will be excellently equipped, Chief Sifritt indicated today

Council approved accompanying legislation authorizing issuance of notes by the city in anticipation of the bond issue for purchase of the fire truck Notes are to mature in two years while the bonds, to be issued in $1 000 denomination as of July 1 1949, are to mature in 10 years Sinking fund trustees are to be given first opportunity to take up the bonds with those remaining to be offered at private sale by the city auditor

City Solicitor John Watters was instructed to prepare legislation authorizing construction of a new storm water sewer to serve a large part of the east and southeast section of the city Council took immediate action after receiving petitions presented by J G Lytle of 245 Merchant avenue Mr Lytle served as spokesman for a small delegation representing the petitioners.

Asked Immediate Action

Mr Lytle said it was his understanding that the city did not contemplate action on storm sewer improvement in that section before next year Residents of that area want council to take immediate action to afford relief from a situation becoming more critical daily as new residential construction progresses, Lytle told council

He referred to the city plan to construct a three-quarter mile storm sewer south from Indiana avenue draining into the Ququa ditch and diverting the heavy load now carried by the Indiana avenue sewer from the Columbia street trunk sewer Construction of this improvement was scheduled to get underway following completion of the Bennett street trunk line sewer west of Davids street and of the Silver street interceptor bringing drainage of the northwest area of the city into the disposal plant

The Bennett street improvement is scheduled for completion within 30 to 60 days but the city sewer construction program timetable as tentatively set up, had not scheduled action on the Indiana avenue d version before next year

Mr Lytle pointed to the half-hundred or more new homes planned in the newer residential section many of which are to be ready for occupancy this year When these are completed, the already overloaded storm sewers will have to take on an additional load which they cannot carry, he declared

He cited as an example the condition existing on Merchant avenue where the present storm sewer ceased to be adequate as soon as the street was completely built up Residents who experienced no trouble when but one side of the street had homes on it, immediately began to have flooded basements as soon as new homes went up on the other side of the street and additional roof

SEAMEN OBEY COURT'S ORDER

Threatened Maritime Strike Halted; Peace of at Least 10 Days Assured.

By International News Service

NEW YORK, June 15 — Peace along the nation's waterfronts for at least 10 days was assured today by federal courts orders banning a strike of 100,000 seamen

A series of government injunctions brought a halt to threatened strikes by seven unions of the National Maritime union scheduled for midnight tonight.

In New York a feud between NMU President Joseph Curran and left wing insurgents last night threatened to upset an earlier union decision to accept the injunctions The membership, however, voted to support Curran's decision and argue the case in court

During a wild tumultuous meeting in New York left wing seamen were reported to have attempted to sabotage the ruling of the executive committee They charged that Curran assured the 228 ship owners that the seamen would not fight.

Curran said that all the men would report for work today He charged the ship owners with stalling but added that the NMU could not challenge the law because it is not united and can't take a knockdown drag-out fight"

Attacking the National Labor Relations board Curran said he hoped that board will declare the hiring hall legal He warned his men would not sail on trips to foreign ports

In San Francisco five maritime unions protested the restraining orders. They did not immediately withdraw strike orders but indicated the orders will be obeyed Compliance also was indicated by Chester Young, vice president of the NMU in Chicago ending the threatened strike on the Great Lakes.

TRUMAN VISIT TO COLUMBUS IN DOUBT

By The United Press

COLUMBUS, O., June 15—Arrangements for President Truman's announced visit here Thursday while enroute to Washington by train from his western tour apparently were more incomplete today than ever

Officials of the Pennsylvania railroad, over which the presidential train will travel from St. Louis, said there was some doubt that the train would arrive here at 4:50 p. m., EST, as originally announced They said they now have received word indicating the train will not arrive until around midnight Thursday or early Friday

Officially however, Pennsylvania stuck to its original announcement.

The President tentatively was scheduled to make a brief talk during the train's stop here but the apparent change in schedule left it doubtful whether there would be a speech.

Albert A Horstman Dayton national Democratic committeeman, and Eugene H. Hammart, Dover, state Democratic chairman, said they had not been notified officially of the stop here.

Mrs. Beck's Condition Remains Unchanged

Hospital attendants today reported Mrs Alice A. Beck, 58 of 903 Maynard Drive, still remains in a serious condition at City hospital. "She spent a restless night but otherwise her condition remains the same still very serious," a hospital spokesman added

Mrs. Beck was the most seriously injured of three victims of a shooting which took place at the Beck home last Thursday night Mrs. Lenore Irvine, 27, foster daughter of Mrs Beck is reported to be improving at City hospital.

Fast Time Issue Fades Out in Mansfield

By The Associated Press

MANSFIELD, O., June 15—The fast time issue here died today, at least for 1946

City council approved an emergency ordinance for daylight saving time last Friday by a 5-4 vote but Mayor Roy W. Vaughn refused to sign it.

City Solicitor C J Kaltreider ruled then that it would become effective next Sunday anyway, but today he reported that he had learned of a court decision requiring a two-thirds vote on an emergency ordinance

Councilman Harry Hollingsworth, a backer of fast time, said the issue was dead for the summer

Referendum petitions are being circulated to put the question to a popular vote next November

Congress OK's Tariff Measure

GOP Sponsored Bill on Reciprocal Agreements Goes to White House.

By The Associated Press

WASHINGTON, June 15—Congress passed and sent to the White House today a Republican-sponsored bill extending the reciprocal trade agreements act for one year with some changes in its provisions.

The house completed congressional action, passing the tariff bill by voice vote after accepting amendments tacked on by the senate in adopting the measure yesterday.

In approving a one-year extension and changing provisions of the act, the Republican-dominated congress again disregarded recommendations of President Truman.

The administration had asked for a three-year extension of the reciprocal trade measure without changes. Unless Mr Truman should veto the GOP-sponsored bill, it will revive the trade agreements act which expired last Saturday midnight

The Republican-backed bill gives new authority to the Federal Tariff commission to recommend "peril points" beyond which the commission feels the President should not go in making agreements. The commission would have to make such reports within four months after it is called upon to do so

The President could disregard these recommendations but would have to tell congress why he did so within 30 days.

Democrats fought to the last in an effort to get an extension of the bill without changes.

TAKE UP OLEO REPEAL BILL

By The Associated Press

WASHINGTON, June 15—The senate took up today a bill to repeal the federal tax on oleo. The vote to take it up was 57 to 26. It came under such circumstances, however, that no final action on the measure seemed likely.

Union Leader Blames President for Failure of Settlement Talks.

By The Associated Press

WASHINGTON, June 15—A. J Glover a railroad union leader today blamed President Truman for the failure of negotiations to settle the railway labor dispute

Glover, president of the AFL Switchmen's Union, told a congressional committee that presidential assistant Jonn R Steelman told union chiefs at a White House meeting on May 7 that Mr Truman "insisted" they must accept the recommendations of an emergency board.

Appearing before the joint committee on labor management relations, Glover said "We think a settlement would have been made in these mediatory conferences with Dr Steelman, except for the attitude of the President"

To prevent a strike by the engineers firemen and switchmen Mr Truman seized the railroads on May 10 and the government got a court order against the walkout.

Meeting Reported

Glover said A F Whitney president of the Brotherhood of Railroad Trainmen settled with the railroads in November and shortly afterward "was reported by the press as meeting with the President of the United States at the White House"

He continued

"Naturally I can not know the purpose of that meeting but it has created a great deal of speculation. Business week on May 15, 1946, carried this article

"'Behind the rail seizure is a tangle of presidential politics and union politics. A F Whitney's trainmen has been raiding the AFL Switchmen and Robertson's Engineerman Brotherhood. That's why these unions felt forced to hold out for more than Whitney settled for But when Whitney agreed to call off his feud with Truman and support him for reelection, Whitney exacted a promise—that Truman wouldn't let Whitney's rivals get a better settlement'"

Glover said "regardless of union politics, we think these cases should be settled on their merits and peripheral politics should not in any way, influence the final settlement."

Statement by Robertson

David B. Robertson, president of the Brotherhood of Locomotive Firemen and Engineers, backed up Glover's account of the White House talks. He said

"Evidently the railroads received some encouragement in their position as it was made very clear to us during our meeting with Dr Steelman that his mediatory efforts had been circumscribed by the President of the United States to the extent that any agreement reached must be within the confines of the emergency board report."

After Robertson came Alvanley Johnson, of the Brotherhood of Locomotive Engineers He discussed complex changes in working rules that the three unions are demanding.

Denied by Whitney

In Cleveland Whitney denied emphatically that he had reached a private agreement with President Truman. He said his meeting with the President was brief and that no political or labor matters were discussed.

"We only discussed our May 1946 clash (when the President ended the rail strike) and we both said we regretted it I said it was just water over the dam and the President said the same. All of this I reported to the press afterward."

BEGIN WORK ON FINAL SETTING OF CONVENTION

GOP Committee Making Final Plans for "Big Show" Next Week.

By The United Press

PHILADELPHIA June 15—The Republican National convention arrangements committee met today for last minute adjustment of plans for the big show which begins next Monday

Advance men for the candidates are on the ground. Each is claiming victory for his man and none is too busy to take a clout at President Truman Rep Clarence J Brown of Ohio, Taft-for-President manager shucked his coat for a kickoff press conference He said Sen Robert A Taft would come up with 312 votes on the first convention ballot if necessary

Herbert Brownell one of Gov Thomas E. Dewey's three campaign managers countered from his headquarters that the governor would lead on the first ballot. Brownell did not say how many votes his man would have on No. 1

House Dominates President

Chairman Carroll Reece of the Republican National committee opened the ball last night with a radio address denouncing the president.

"Mr Truman is playing the kind of politics he understands," Reece said on a national hook-up "the kind he learned under the tutelage of the Pendergast machine (Kansas City Mo.) which first sent him to the senate and to which he still owes allegiance as a dues paying member"

"By and large Mr Truman has received forbearance and sympathy and cooperation from the Republican congress. There have been times when congress saved Mr. Truman from himself"

Rep. Brown Joins Attack

From Taft headquarters Brown joined the attack on Mr Truman who has called this Republican congress the worst since that of early reconstruction days after the Civil war

"Mr Truman is making the campaign issues" Brown said "The issues are the difference between the Chief Executive and the congress The congress challenges the President's understanding of our representative form of government. We feel that Mr Truman now has broken his 1948 pledge of cooperation on domestic issues The Republican congress has kept the faith on foreign policy The President has not kept faith on domestic policies"

Brown showed how the Republican platform makers hope to avoid controversy among themselves on the hot issue of universal military training which Taft opposes. He emphasized that Taft had been a powerful factor in congressional support of a great air force and is firmly committed to a strong national defense

Political Leaders Arrive

"The platform" Brown continued "can support strong national defense without committing the party to any particular method

Edwin S Jaeckle Buffalo, N Y., political leader and one of Dewey's managers already has arrived J Russell Sprague, of New York, will be in today to complete the governor's managerial front While Brown was telling questioners that Taft's familiarity with the national government and his courage made him the outstanding candidate, Brownell was citing poll figures for his man.

A Gallup poll of Republican party members showed Dewey leading the list as a favorite presidential candidate.

AUTO WORKERS GET HUDSON PAY RAISE

By The Associated Press

DETROIT, June 15—The CIO United Auto Workers won a 13-cent an hour wage increase from the Hudson Motor Car Co. today, a few hours before opening negotiations with the Ford Motor Co

The Hudson pact, agreed to after an all-night session, covers about 17,000 employes Their average wage has been about $1.50 an hour Negotiations began about a week ago

The wage increase is retroactive to June 17 of local 154, UAW-CIO, approved it. It continues the contract for two years with provision for a reopening on wages one year from today.

Vacation pay of Hudson employes was boosted from $57 to $82.20 after one year's service and from $114 to $124.40 after five years.

The company did not estimate what the new agreement would cost over a year's time.

Report Taft May Land Pennsylvania Delegation

By The Associated Press

WASHINGTON, June 18 — Backers of Senator Robert A Taft claimed today that Gov James H Duff may try to swing Pennsylvania to the Ohioan if the GOP presidential boom for Senator Arthur Vandenberg collapses

Duff is reported to have told Taft last week he intends to do his best to get a large slice of Pennsylvania's 76 convention votes cast for Vandenberg, who says he isn't a candidate

But if the move for the Michigan senator fails to indicate a chance for the nomination, Taft's followers think the Pennsylvania governor will shift to their man

Duff is said to have encountered opposition to Gov Thomas E Dewey of New York, partly because of his belief that some member of congress, rather than a governor or former governor ought to be the Republican nominee

Names Chief Issue

Duff contends that the congressional record is bound to become the chief issue in the presidential campaign

President Truman left little doubt of that in the fifth and windup major speech of his western swing

The Chief Executive shouted a challenge from Los Angeles for congress to stay in session until it passes price control, housing and a half dozen other proposals he has been plugging for an expanded social security system, a national health program, a restored labor department, federal aid for education, a long range farm program and a water resources program.

GOP Leaders Answer

The Republican leadership on Capitol Hill cracked back with a quick and defiant reminder that it is in control

"Congress, said Rep Hallock (Ind) GOP leader in the house, "is licking the problem of high prices by sound and constructive action stimulating maximum production and by cutting the cost of government and reducing taxes'

"I think when we get through here the people will be well satisfied with the record of constructive legislation."

GOP National Chairman Carroll Reece, replying by radio last night to Mr Truman's criticisms of congress, declared that "the nation is disgusted and humiliated by the acts of its President."

"By and large" Reece said, "Mr Truman has received forbearance, sympathy and cooperation from the Republican congress. There have been times when congress has saved Mr Truman from himself"

Mocks James Roosevelt

After his Los Angeles address yesterday, the President talked for 30 minutes with a group of California Democratic leaders, including James Roosevelt, son of the late president and state party chairman

Roosevelt reported later that one of those in the huddle — a national convention delegate — asked Mr Truman whether he will stand by his civil rights program which brought a Dixie rebellion.

The President replied, Roosevelt said, that he has "never yet made a proposal and backed down on it."

TRUMAN MAKES PLEA ON DOMESTIC ISSUES

By The Associated Press

ABOARD TRUMAN TRAIN EN ROUTE TO KANSAS CITY, Mo, June 18—President Truman campaigned today in the southwest with the plea that the people decide whether he or congress is "wrong on domestic issues.

"If I m wrong," he said, "You will have a chance to attend to me later on. If I m not wrong, you ought to attend to somebody else"

Mr, Truman challenged the legislators to stay in session until they pass price control, housing, federal aid to education and five other bills, in a talk at Los Angeles yesterday Back aboard his special train en route to Kansas City last night the president said at San Bernardino Calif., that he would "keep pouring it on congress"

His remark was in response to a question from a crowd estimated by Police Chief D G Murdock at 10 000 persons Somebody presented the president with a supply of fresh eggs.

He tied up the gift with his request for price control authority saying "I appreciate those eggs. The cost of living has gone up" And he added. "At least they weren't thrown at me"

"Throw 'em at Taft," someone shouted from the crowd.

"I wouldn't throw fresh eggs at Sen Taft," Mr Truman replied, referring to the Ohio chairman of the senate's Republican senate policy committee and candidate for the GOP presidential nomination.

At least six speeches from the rear platform of the presidential train appeared likely today as the president headed into Arizona and New Mexico.

Mr Truman will meet Clinton P Anderson his former secretary of agriculture today in New Mexico. Anderson resigned to make the race for the senate in New Mexico He is now the Democratic nominee

Mills Bros. Circus Showing Here Today

Mills Bros circus rolled into Marion county fairgrounds at 7 a. m. and started preparations for their matinee and evening shows here today

The 100 truck motorized show arrived from Bellefontaine and is showing here today under the auspices of Kadgar Grotto

The circus, menagerie, and hennatdrow played a matinee at 2 p. m. this afternoon before a crowd that included children from the Marion county children's home and others as guests of the Grotto, local merchants and the circus.

After tonight's performance which starts at 8 p. m. the "big top" will move on to Bucyrus.

GIVE UP HOPE OF VOTE TODAY ON MEASURE

GOP Leaders Aim at Ballot on Selective Service Tomorrow.

By The Associated Press

WASHINGTON, June 18 — House leaders today gave up hope of passing a draft bill by nightfall and aimed for passage tomorrow instead.

House Republican Leader Halleck (R-Ind) told newsmen "this bill is too important and too far-reaching to be rammed through in one day."

Halleck said he will ask the house to meet early tomorrow so the bill can be disposed of then and sent to a senate-house conference.

Debate on the bill opened with a plea by the chairman of the rules committee for its defeat.

The lead-off speaker, Rep. Allen (R-Ill), told the house he is sure that arguments during the debate will convince the members "that this is not a necessary or a good bill"

"We all want national security," Allen shouted. "The question is, do we want national security by the American way or by coercion, compulsion, regimentation and control?"

"Allen said "the brass hats" claim the nation faces "a great emergency" If that is so, he asked, why do those who profess to be alarmed "say there is no emergency to keep the congress here in session?"

"Voluntary enlistments," Allen said, "have not been given a fair trial"

Record Passage As Here

"Despite attacks on the bill, it seemed certain the house will pass it.

Republican leaders predicted the bill would be cleared by nightfall. And even the bitterest foes admitted their chances of blocking the measure are practically nil.

It will take more than house approval, however, to start any actual inductions of men 19 through 25.

First, senate and house conferees will have to compromise minor differences in the two bills.

After that—if the house gets its way on the chief point of dispute—President Truman will have to wait 70 days and then order the draft machinery into motion by a formal proclamation.

Extension on Draft

Military authorities have estimated they will have to draft some 950,000 men this year and next to reach the manpower levels provided for in the bill.

Despite the leadership' confidence of a speedy vote there was one possibility of a delay Rep. Powell (D-NY) served notice over the weekend that he planned to offer 21 civil rights amendments in an attempt to abolish all racial segregation in the armed services.

This maneuver could put off a final vote until tomorrow.

The debate climaxes a months-long argument that began March 17 when President Truman asked congress for prompt action to build up the armed forces. His request To serve notice in Russia that it must halt its Communist aggression.

The senate passed its draft bill only last Thursday, although the house bill has been waiting for rules committee clearance since May 7.

The clearance came yesterday on a 6-to-4 tally that found at least two opponents voting to give the house a chance to debate the bill.

The deciding ballot was cast by Rep. Herter (R-Ind), who told reporters he might speak and vote against the bill on the floor.

GERTRUDE ATHERTON, NOVELIST, IS DEAD

By The Associated Press

SAN FRANCISCO, June 18—Novelist Gertrude Atherton 9 dead, victim at last of the years she had so long defied.

As beguiling and at times as many of her nearly 60 novels, she had steadfastly refused to grow old—until her 99th birthday, last Oct. 30. Then, at a civic ceremony in her honor, she said she was growing weary, would write no more, and "don't expect to live more than a year longer . . ."

Death came late yesterday at Stanford hospital, where she was admitted May 27 after a light stroke. A nephew who lived close to the present, Mrs. Atherton loved the public, babyish mood of her day—yet her books reflected, as well as shocked, its readers. Her first, "The [illegible] Woman," appeared in 1890 and last, "[illegible]," in 1944. [illegible]

Love's Perilous Path

By ADELE GARRISON

"I'm afraid I sound awfully inhospitable, Olina," I added, "but I haven't much choice, with my father in the offing. I do hope you understand."

"Of course, I understand, darling Aunt Madge," she said. "And I haven't another question."

She came over to me, and kissed me, as a marvelouh rose flush tinted her cheeks.

"You've made me very happy," she said, and I knew that her disappointment at not having received a written note from Georges had been more than assuaged by my apparently offhand information about Georges' indifference to Mary as matron of honor, and his jealous aversion to Noel as his best man because of the youthful betrothal of Olina to Mary's husband.

I returned her kiss, even as I uneasily visioned the possibilities of my getting caught in some of the partly fictional items of my saga of the Sag Harbor trip. But, if I could have a couple of minutes with Georges before Olina should see him, I felt sure that I could batten him down to safety.

"I am so glad, dear girl," I told her, and then I slipped out of her arms, went to the telephone and called the apartment of the elder Veritzens. Olga answered the call, and I guessed that Philip and my father were still in conference.

"Madge?" she queried, and then she said: "Wait, just a second," evidently at a word from someone else. When her voice came back to me, there was mirth in it.

"The men will not believe that you have finished your interview," she said. "They are just tying the loose ends on theirs and I do not think they relish the fact that you have finished first."

Wonderful Talk

"Mary would tell you that I am crowing all over the lot, were she here to describe my actions," I told her, laughing. "But Olina and I have had a wonderful talk, and the rest of my news, which does not concern Georges, but wedding arrangements, will be given to you and Olina together."

"And Mary," Olga said at her end of the telephone, just as Olina from behind me, uttered the same words. I sent a smile over my shoulder at Olina, and made my voice warm with approval as I answered Olga, for their loyalty to Dicky's niece gratified me.

"I know Mary will love to be included in the conference, and I thank you for her," I said.

"It is for us to thank her for joining us," Olga said, and then she added: "You really are finished? I can tell these doubting Thomases that?"

"Really and truly," I told her "They may come back up here whenever they wish."

"Your father says they are leaving in one minute," she told me "He asks that you have Faith ready for her good-byes to him."

I caught my breath in dismay

"I will see that she is all ready to come down from Dicky's studio with him at any minute, but, after the little contretemps this morning, I am sure he will understand that I cannot have her in here until our guests are gone. Will you tell him that, please, and give me his answer?"

"Just a second," she said, and then I heard her beautiful voice and my father's equally resonant one talking in subdued tones.

"He says he understands perfectly," she said, when she had taken up the telephone again. "But he asks that you have as little delay as possible in Faith's coming downstairs."

"I'll do the best I can," I said "and I'll be seeing you soon. I have much to tell you."

"Good-bye," I added hastily before he could answer, for I knew I must not delay my father's mandate. I hung up the receiver, and spoke to Olina before I took it down again.

"My father wishes me to speak to Dicky," she said. "Will you excuse me?"

Crestline Parochial Pupils Get Diplomas

CRESTLINE, June 15—"Study hard, and do not look for the easy things in life from now on; you will have to determine for yourselves right from wrong," Rev. Fr. F. A. Slattery told the seven pupils who received their diplomas and were graduated from St. Joseph's parochial school last Friday. Adherence to the training of the eight years, and the evaluation of what is right and wrong formed the keynote of the address of Fr. Slattery, who further said: "The road ahead will not be easy, temptations will confront each and every one. Be obedient, obey your parents, and take care of your health, and turn to God for assistance and strength."

The class graduates are James DelGreco, Jean Hagan, Thomas Harley, Phillis Hoke, Clarence Moyer, Elizabeth Spudity, and Betty Jean Studer.

Mrs. Leonard Sutter was in charge of the music. Commencement was held in St. Joseph's church.

This motoring miracle happens to you!

Go ahead! Trust your own eyes!

There's magic, Mercury magic, in the longer, lower, wider lines . . . magic that provides more sitting room up front, more baggage room behind. You'll find this big-family comfort in all body styles, including Mercury's all-new Six-passenger Coupe and Six-passenger Convertible.

There's magic at your fingertips!

Take the wheel in your hands . . . feel the sureness, the "sweetness" of balance that spell safety and confidence! Here's low-slung roadability actually *built in*—no "over-steering" on curves or on straightaway.

Press toe... Presto!

Those are new *super*-brakes responding to your slightest pressure, bringing your big, beautiful car to a swift, sure, yet *gentle*, stop. Well! Now you know why they're saying "Mercury is *all-new*." Visit your dealer—see for yourself!

Hear it—and believe it!

Smooth power. *Silent* power—muted to a fine-car purr so soft you'll look at the switch to see if it's on! Power that surges at a toe-touch to meet any emergency! A great new 8-cylinder, V-type engine built and designed exclusively for Mercury!

Sit back on that magic carpet!

All-new suspension springs (along with super-balloon tires on wider, safer rims) will cushion your ride. New, wide, "comfort-zone" seats will cushion *you*, very personally. Weather? Mercury gives you leakproof, fog-free "Finger-tip Weather Control." That's what you call solid comfort!

Not a "new model"...the *All-New* MERCURY

Weaver said that a complete study of the tax revenue situation in the 11 principal industrial counties has shown that the projected "revenue loss of "manufacturing fixtures" Real estate is taxed at .00 per cent of the assessed value and personal property at 50 per cent of the assessed value hence the claimed loss of revenue through reclassification.

"The real estate duplicates, and therefore the tax revenue of the various divisions of government, have increased greatly since 1933, and we believe that the principal reason for Ohio's unusual industrial growth has been the favorable tax situation now prevailing with reference to machinery used in manufacturing."

SEES AFTER POLICE JOB. When Elliott Ludington Lambert graduates from the St. Louis Police School June 26, he will doubtless become the wealthiest policeman on record. Heir to the drug company millions, young Lambert will become a rookie policeman with 75 other aspirants and will pound a beat with the rest of them. Here he is shown doing a little studying while recovering from an appendix operation.

To Demonstrate Pest Control Methods

County farmers are invited to attend a barn spraying demonstration to be held tomorrow at the R. D. Cusick farm on county road 122 just south of state route 4 and the intersection of county road 103 north of Prospect, under the sponsorship of the Marion city and county health departments.

The demonstration will begin at 10 a. m. with T. H. Parks of Ohio State university as demonstrator. Mr. Parks will also answer all questions on insect control. Tomorrow's demonstration will show effective methods to employ DDT against flies. A variety of equipment will be used to show the most effective methods to employ under varying conditions.

GALION CHILD CARE GROUP CHANGING HEADQUARTERS

Special to The Star

GALION, June 15—Funds are being solicited here for a new headquarters for the Galion Child Care council, it has been announced by officers. Forced by crowded conditions to vacate the room formerly used in the East school, the council has taken an option to buy the Oscar Wigler home at 727 Harding Way East. The Child Care program has been in operation in Galion for the last 14 years. It has provided care of children for working mothers at the East elementary building. The Wigler home has been gone over by representatives of the state division of factory and building inspection. Only minor adjustments need be made to the house to comply with legal requirements.

Five-Legged Lamb Born In Marion Co. Farm Flock

Warren Wright, the baking powder millionaire is justly proud of his great pair of race horses Citation and Coaltown but John Oehler of the Green Camp-Prospect pike wouldn't trade his prize pet for them even up.

Mr. Oehler has a four months old lamb which weighs over 30 pounds and has five legs.

As most any farmer will tell you, five legged lambs which grow to be big healthy sheep are scarcer than hen's teeth for they are generally not of very sound construction. This lamb however is as strong as a young ram, which he is.

The lamb ram, or ram lamb, as you prefer has his fifth fully developed leg firmly attached to the back of his head and it hangs in a perfectly relaxed manner down over his right shoulder and under his chin. Growth of the leg has kept pace with the other four legs and is exactly like them except for an extra joint near the top. The hoof is also fully developed. He has no control of the extra leg.

No Bother At All

The extra leg is not an impediment to the lamb for he scarcely knows it is present and seems quite puzzled at all the attention he attracts. This attention is confined purely to the human observers for as far as the rest of the flock is concerned he is just another sheep in the way at the salt box.

There is no bone connection between the back of the head and the top of the leg bone the extra leg being secured only by a strong circle of skin and muscle. Under the leg on the side next to the body is a very heavy growth of wool unlike the usual bare spot between the leg and the body at the joint.

The lamb was born, one of Shropshire twins on Feb. 3 and is perfectly normal in every other respect. He is so normal in every other way Mr. Oehler says, "he doesn't know he's a freak."

What To Do?

Mr. Oehler is undecided as to what plans he has for the lamb. He is thinking of taking the unusual animal on a tour of the fairs in the area and has thought of taking him west on an exhibitour but so far has no plans made because as he puts it "I've been too busy." The only move to spread the lamb's fame has been to make plans to notify Robert L. Ripley of "Believe It or Not" fame.

For the present the lamb is leading a happy, unspoiled life, common to lambs, and has had his tail docked just the same as his flock mates. His mother still shows a strong maternal interest in him, despite the fact she has another lamb to occupy her affections. She admonishes visitors in a stern manner when they make a fuss over her nameless progeny, fearing no doubt the young ram will be spoiled by too much adulation.

This is the second five legged lamb born on the Oehler farm. One born there in 1941 had five legs and six feet but it died shortly after birth. Mrs. Oehler said. Another lamb born last year died shortly after birth because its heart was on the outside of its body.

Mt. Gilead Sergeant Enlists in Reserve

Staff Sgt. John C. Hildebrand, AC-ERC of Mt. Gilead has enlisted in the Army Reserve Corps, it was announced today by Capt. John B. Weaver, unit instructor, Army Reserve Corps, here.

Enlisting in the Reserve Corps enables Staff Sgt. Hildebrand to retain his rank, attend Army school, receive promotions and have his longivity pay carried on, Captain Weaver announces.

The unit instructor's office at 189 South Main street, Marion is open from Monday through Saturday noon, Captain Weaver states. Typists are available to render service to veterans desiring to join.

A WONDERFUL FLAVOR all its own! Mountain Grown

So Extra Rich in Flavor It is Economical Too!

Folger's is the coffee that makes a person want to purr . . . it's that good! Of course, it's a special kind of coffee . . . Mountain Grown coffee . . . with a rare winey tang and a truly vigorous flavor that really does something for you. If you tried to describe the Folger Flavor you would probably remark about its completeness—it is so thoroughly satisfying.

Certainly Folger's is "different"—no other coffee is quite like it—and the best proof that this difference is appreciated and desired is shown in the overwhelming public preference for Folger's. For sales records show that Folger's is the flavor favorite—by far the largest selling brand of coffee in the great-over-all area where it is sold.

Won't you try Folger's for coffee enjoyment with extra dividends in economy, too!

TRY USING ¼ LESS

A good way to prove the Extra Flavor and Extra Economy of Folger's is to try making your coffee with ¼ less of Folger's than you used with lesser favored brands—the extra flavor is provided—for both enjoyment and economy.

DEATHS and FUNERALS

Mrs. Lola Edna Smith

Mrs. Lola Edna Pence Smith, 72, died at 2:45 p. m. Monday at her home at 2 3 Leader street, following an illness of six months.

Born Aug. 8, 1875 in St. Paris, O. she was a daughter of Harrison Pence and Marian C. Fitzpatrick Pence both natives of St. Paris, O. She was married Oct. 2, 1892 in Marion to Harvey W. Smith who survives. A resident of Marion eight years she came here from Caledonia. She operated a small grocery store in her home on Leader street.

Surviving with her husband are three brothers and sisters, Eden M. Pence of Miami, Fla. Mrs. Gertrude Short of 3 1 West Columbia street, Mrs. Emma C. Ackerman of 8, Otis avenue and Mrs. Georgia Harvey of Chicago, Ill.

Funeral services will be conducted at 2 p. m. Wednesday in the Schaffner-Diemer funeral home on East Center street by Rev. M. E. Holtkamp, pastor of Emanuel Lutheran church. Burial will be in Marion cemetery. Friends may call at the funeral home after 7:30 tonight.

John E. Mulligan

BUCYRUS—Rites will be conducted Thursday at 9 a. m. in Holy Trinity Catholic church for John E. Mulligan, 80, retired New York Central railroad conductor who died of a heart attack at the home of his daughter Mrs. H. C. Wheeler of Bucyrus, Monday. Burial will be made in Holy Trinity cemetery.

Mr. Mulligan's death came within a few hours after he had returned home from Columbus and a railroaders banquet where he renewed many old acquaintances made during his 54 years as a passenger conductor for the old T. and O. C. railroad now the New York Central. He retired from railroading July 1, 1938.

Born in Bucyrus June 29, 1868, he was the son of John and Sarah Mulligan. His wife, the former Elizabeth Dalton preceded him in death. Survivors include the daughter with whom he had lived for 20 years and a son, Charles F. Mulligan of Columbus.

Arthur D. Main

DELAWARE—Arthur D. Main, 75, a retired farmer died at 3:20 p. m. Monday at his home in Orrender following a six-weeks illness.

He was born Aug. 27, 1872 in Troy township, Delaware county and resided in that vicinity until a year and a half ago when he moved to Ostrander when his property in the Delaware dam area was purchased by the government. He was a member of the Delaware Baptist church and was a township trustee and clerk for a number of years.

Surviving are three daughters, Mrs. Earl Jacobs of Sidney, O., Mrs. Aleda M. Warren of Delaware, Mrs. Vernon Underwood of Columbus, two sons, Merton P. Main and Amos S. Main of Columbus and a brother J. C. Main of Delaware.

Funeral services will be conducted at 2:30 p. m. Thursday in the Ramsey-Mohr funeral home by Rev. I. R. Chapman of the Baptist church. Burial will be in Fairview cemetery. Friends may call at the funeral home.

Edward Bauer

GALION—Funeral services will be held Wednesday at 2:30 p. m. at the Snyder funeral home for Edward Bauer of New York City, nephew of Mrs. Guy Cook of Galion who received word of his death. The body will arrive here Wednesday. Mr. Bauer died Saturday afternoon in New York. He is survived by a daughter Barbara, his step-father and mother Mr. and Mrs. Herbert G. Sisson and a half-brother Franklin Sisson of New York.

George W. Kelly

BUCYRUS—Rites were conducted Monday afternoon in the Wise funeral home for George W. Kelly, 90, retired New York Central railroad shop man who died at the Woodstock, Vt. home of his daughter Mrs. John McCutcheon Saturday. Burial was made in Oakwood cemetery. Survivors with the daughter are two other children, Harold of Blanket, Tex. and Phillip of Plainfield, N. J. His wife was the former Martha Osman of Bucyrus.

Thomas Harris

CRESTLINE—Thomas Harris, 66, of Crestline, died at 11 p. m. Monday in the Crawford County Home where he had been a resident for seven weeks. Prior to going to the county home he made his home with Mrs. Charles Foltz in Crestline.

He was born April 18, 1882 in Crestline to Jackson and Sophia Fleishman Harris.

Surviving is a sister Mrs. Emma Zeisner of Crestline and several nieces and nephews.

Funeral services will be conducted at 2:30 p. m. Wednesday in the Garverick funeral home by Rev. S. A. Metzger, pastor of the Crestline English Lutheran church. Burial will be in Greenlawn cemetery. Friends may call at the funeral home.

B. OF R. T. AUXILIARY

Mrs. Frank Moore of Claridon was hostess when the Past Presidents club of the Ladies Auxiliary to the Brotherhood of Railroad Trainmen met Wednesday evening for a 6 o'clock dinner and business session. Names of favorite flowers were given in response to roll call and in contests the awards were won by Mrs. R. L. Martin and Mrs. R. R. Wilson. The next meeting will be a picnic at the home of Mrs. Fred J. Hentze on Willow street, July 14.

Afraid To Eat Due To Gassy Upset Stomach

"I was so full of gas I was afraid I'd burst. Sour bitter substance rose up from my upset stomach after meals. I got INNER-AID and it worked. Inches of gas and bloat from me. Waistline is way down now. Meals are a pleasure. I praise INNER-AID to the sky."—This is an actual testimonial and we can verify it.

INNER-AID is the new mixture of 12 Juices from Nature's Herbs. It has relieved many people who had never been really helped before by any medicine. Taken shortly before meals it mixes with your food, thus eliminating the poisons that foster stomach trouble. It will cleanse the bowels, clear gas from stomach, enliven liver and remove outside from the system. So don't go on suffering. Get INNER-AID. Sold by all drug stores.—Adv.

DISABLED VETERANS HOLDING CONFERENCE

Special to The Star

CRESTLINE, June 15 — The spring conference of the fourth and fifth districts of the Ohio department of the Disabled American Veterans will be held in the Methodist building in Finality, June 20, with services echoed from 10:30 a. m. to 12:15 p. m., in charge of national service officers of the D.A.V. and officials of the Veterans administration, Cleveland. All veterans may attend.

NORTH ELECTRIC COMPANY BUYS IN UPPER SANDUSKY

Special to The Star

UPPER SANDUSKY, June 15—Frederick N. Risser has announced the sale of Risser's super market building and lot to the North Electric company of Galion, possession to be given July 1. The Galion firm is planning to operate a branch plant here and has indicated that it will employ 100 persons immediately, according to reports received here. The sale to the Galion firm involves the new building now nearing completion on which structure the firm will locate. It is on Fairview street, 140 feet deep.

North Electric manufactures telephone switchboards and equipment and is now operating plants at Galion, Kenton and Mt. Gilead. These plants will continue in operation, and the new setup here will be an expansion of the production facilities of the company.

There are 600,000 libraries in Copenhagen.

The "Worst" Congress

PRESIDENT TRUMAN'S use of 'worst' in describing the 80th congress has reminded observers that in 1946 he termed the 79th congress the worst since Andrew Johnson's. This business of handing out derogatory labels is a bootless one likely to backfire.

Certainly the President has had a far more cooperative congress than Andrew Johnson had. The issues of reconstruction and the tenure of office bill generated such heat that Johnson was stymied at every turn. Finally that unhappy executive was brought up on an impeachment charge that lost by one vote.

President Truman has had no such opposition. In Senator Vandenberg he has had a formidable Republican spokesman on many occasions with regard to foreign policy. The President vetoed the Taft-Hartley act but he had occasion to use its provisions to prevent a rail strike and end a coal strike.

True the President has been confronted by a majority opposition in both houses. But it isn't the nature of a majority opposition to become the rubber stamp for a minority President under any circumstances.

Before the President makes a practice of handing out 'worst" labels, he should recall what happened to Andrew Johnson.

When he was in the White House the air was full of dead cats—most of them flying in his direction.

Diluted Dollars

IN GRANTING an 8 per cent wage increase, General Electric falls into line for the "third round." But it points out that it does an reluctantly, for the idea of a "national wage pattern" can be dangerous for the nation.

The wage pattern idea makes every wage earner, together with his past savings and future income subject to the whims or even the mistakes of some individual in power whose action might be dictated by the circumstances of a single case.

For instance if an 8 per cent wage increase be ame a national pattern, it would result in an 8 per cent dilution in the value of each dollar and of each existing obligation payable in fixed dollars. A nationwide 8 per cent increase would wipe out $55,000,000,000 of values for the holders of $192,000,000,000 worth of insurance, for the holders of $336,000,000,000 of government securities and for the holders of bank savings. That $55,000,000,000 would represent the total national income for three months.

Dilution of dollars by wage increase patterns is a real menace. It dissipates savings. It halts all efforts to reduce prices, such as those made last January by General Electric. It puts bigger figures on paychecks but, as the dilution increases, the figures stand progressively less.

Growing Pains

THE WASHINGTON POST observing the 15th anniversary of its control by Eugene Meyer, published a special section on Sunday of milestones since 1933. This composite picture of national growing pains over a decade and a half reveals not only the rise and fall of New Dealism as a political force but the events leading up to World War II, the emergence of the United States as a world power and provides glimpses of other momentous matters that occupied men's minds during the period—everything from Shirley Temple to jitterbugging, from Dillinger to sitdown strikes, from the Dionne quintuplets to the release of atomic energy.

It reveals something else—that the Washington Post has gained stature in the newspaper field by doing an outstanding job in the capital of the United States. Washington has learned to respect The Post and the respect is mutual. Mr. Meyer and his newspaper have earned all the congratulations they will hear on their 15th anniversary of association.

The Push versus The Pull

WHAT the 56-pound weight is to track and field meets the lawn roller is to the well-kept home. A large and bulky contrap on weighing an incalculable number of pounds it requires a man of muscle to move it one with coordination to control it.

There are two schools of thought on the manipulation of the roller. Some maintain that it should be pushed, others say it should be pulled. Good results are accomplished with either system although on a lawn with embankments the puller must keep his mind on what he's doing lest the roller unexpectedly surrender itself to the pull of gravity and become a juggernaut pursuing its one time master. The final decision as to whether the roller should be pulled or pushed is one each man must search for and find in his own heart like whether mint in a julep should be mashed or just slightly tickled.

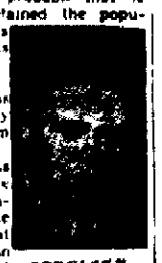
A session with a roller is as strenuous as one with a barbell and more rewarding. A roller levels the turf while putting tone in flaccid muscles. A session with the roller also gives a man time, as he labors, to ponder the perversity of inanimate objects, Newton's laws of motion and the pleasures of horizontal relaxation upon completion of a manly job.

Scanning the Record

By George E. Sokolsky

Roosevelt and Truman Contrasting Personalities.

THE presidency of the United States is a tough job under any circumstances but when in addition, a man adds to his burdens the role of being someone not himself, of acting a role for which he is fitted neither by nature nor by experience he cannot but fail. Were Harry Truman to be Harry Truman and not an imitation of Franklin D. Roosevelt it is altogether probable that he would have retained the popularity that was his during his first year in office.



SOKOLSKY

Roosevelt was extraordinary not in his charm nor in his knowledge nor in his capabilities. He possessed a capacity to make men do what they did not wish to do. He exuded power and success. Few of those closest to him altogether believed in his abilities or in the soundness of his judgments as the present murrain of memoirs indicates but they knew that he was able to gain popular if not intimate approval.

His speeches never written by himself were trifling documents as anyone can know who reads them, or better still listens to them now from NBC recordings. But the public regarded him as a great orator even though he often said what he did not mean. One need only read the Harry Hopkins memoirs, and to read them against the Roosevelt speeches of the identical period to discover the discrepancy between the word and the deed. Nevertheless a large part of the public believed him and still does. To some he is almost a god.

A Wide Difference

Substance reality is unrelated to this adulation but the fact of it is beyond doubt. Roosevelt could take the people's money and make a campaign trip without too much concern. Everbody knew that the inspection trip was a fraud but somehow Roosevelt could get away with the fraud without opposition. He got away with so much without opposition. It fitted his personality and the times.

Harry Truman has a different personality. He is the small man. He lacks the majestic sweep, the broad manner, the assurance that comes from wealth and Groton and Harvard. If nothing else Roosevelt's mother born among the kingly white folk of Hongkong had it for those China Coast white folk lived and ruled like feudal lords and come to believe that those beneath them were vassals to be treated with condescending noblesse oblige. It was easy to tell a lie if it was a lie for a good purpose.

Harry Truman cannot do that. He is the kind of person who always gives himself away or is always found out. Maybe Cal Coolidge was that kind of man, but Cal was wise enough to be Cal Coolidge and not try to be a Theodore Roosevelt or a Woodrow Wilson. He remained himself. He did not hire experts to tell him how to speak what they told him to say. He did not train down his nasal so that he sounded like someone else after the country had become accustomed to him sounding like himself. He had no Sam Rosenman in his entourage to tell him how the master did it.

Should Not Have Pretended

Harry Truman might have left a lovable memory of himself in the White House had he never departed from his own personality. Of course the liberals would not have liked him for they often bemoan snobs only speak of the common man but generally despise him. They would have accused him of being a conservative which he undoubtedly is by nature they would have ridiculed him which they do anyhow.

Whoever advised Harry Truman to try to look like a Stork club liberal treated him shabbily for one must be that sort of thing to look at. And the imitation served no purpose for these pseudo-intellectuals will never be Truman. First they turned to Eisenhower then to Stassen then to Vandenburg and now apparently they are for Austin. But never never can they be for Truman for he is really only a simple American which they dislike.

That is why this "non-political" trip is such a failure. The public senses the fraud and responds accordingly. Harry Truman cannot get away with a fraud. He is too honest at heart.

Bolster Authority of UN

By Walter Lippmann

ON three successive days last week three men were heard from who understand the United Nations and are determined to make it work.

On Wednesday Count Folke Bernadotte, without any military force at his disposal but with diplomatic support from the great powers succeeded in mediating a truce in Palestine.

On Thursday the United Nations secretary-general, Mr. Trygve Lie speaking at Harvard brought forward a proposal of the secretariat to raise "a small guard force, as distinct from a striking force" to be at the disposal of the United Nations.

LIPPMANN

On Friday Senator Vandenberg obtained a decisive vote (64 to 4) for his resolution which is in substance a vote of confidence that the present charter need not be scrapped because it can be improved and used more effectively.

The initial success of Count Bernadotte has shown that the basic conception of the United Nations is sound that is to say that when the great powers are able to agree that they prefer peace to war then small wars (which could become big wars) can be localized the fighting regulated and reduced and the opportunity to mediate the issues created. That is not everything. But it is a very great deal and no one who understands the charter or the realities of world politics would expect more. He will not expect the United Nations to resolve the great conflict between east and west. He will know that that can be done only by diplomacy or by war.

But he has a right to expect that the secondary conflicts of which Palestine is a conspicuous example can be dealt with through the U. N. and without the intervention of large forces.

The root of the American vacillation on Palestine was the belief based on misinformation and misunderstanding that the partition recommended by the General Assembly could be carried out only by the intervention of a large international army. Last winter it was the general view shared by many supporters of the U. N. that an army at least as large as the British army, of 80,000 men, would be needed to enforce partition. Our right to do so was true. Mr. Marshall and Mr. Forrestal refused to send American troops to fight Arabs and Jews in the Holy Land to permit the Soviet government to send a division of the Red Army into the Middle East.

No Force Needed

But as facts and events have shown no international army was needed to enforce partition. What was needed was diplomatic action to obtain the acceptance de facto of the plan on which existence depends. The case which Count Bernadotte has argued has been the subject of diplomatic action had been taken in Washington, London, Tel Aviv, Amman and Cairo which made it plain that the great powers would not support a war in defiance of the United Nations. No international army was needed for that. All that was needed was agreement by the great powers to withhold the armed force which only they could supply. A serious war cannot be fought in Palestine by the local armies. Therefore once the great powers refrained from supporting the war, a truce was possible.

Mr. Lie is now asking for permission to recruit a comparatively small guard force by voluntary individual enlistment after careful screening and presumably from among the middle and smaller powers. The purpose of this guard force would not be to coerce armies — Abdullah's Legion, the Haganah, King Farouk's troops. Its purpose in Palestine or elsewhere would not be to wage war on behalf of the UN against an aggressor. The UN guard would be much too small for that.

Its purpose would be to make visible to the excited and angry people at the scene of the dispute the authority of the United Nations when as is now the case in Palestine as has been the case in Indonesia as may be the case in Kashmir the UN has agreed to mediate.

The Canadian delegate to the UN, Gen. McNaughton has raised the one objection to this proposal which needs to be met saying that "it is unwise to mix moral and military force. We must think many times before we swing over to military force and compulsion." But that precisely is the point of Mr. Lie's proposal. He has thought many times before swinging over to military force and compulsion.

Not Military Force

The UN guard would not be a military force and it would be quite incapable of exerting compulsion. It would consist of a few hundred men without artillery, tanks, airplanes, battleships but wearing a distinctive uniform and carrying token weapons. They would not be an army probably not even a constabulary, scarcely a police force. They would be more nearly like the Swiss Guards which the Pope maintains in Vatican City—not a military force at all against actual armies but a reminder to individuals who might forget themselves to respect the order and dignity of the Papal See. The powers in the UN guards would consist solely in the fact that like Count Bernadotte M. Bunche and a handful of military observers today they were the outward and visible sign that the United Nations were present.

From News of Other Years

TEN YEARS AGO

It was Wednesday, June 15, 1938.

John Collier 86, who as a boy of 11 played the drums for the martial music at the funeral service of President Lincoln in Washington died at his home in Kenton.

Gilbert Thibaut of 445 Cherry street escaped with severe bruises when he fell approximately 30 feet from the top of a tree to a cement sidewalk at his home.

C. Z. Zachman was reelected chairman at the annual meeting of the Salvation Army advisory board held at the Army headquarters on West Center street.

Thomas E. Andrews was elected grand knight at a meeting of Marion Council No. 871, Knights of Columbus.

Dr. and Mrs. H. R. Finney of Spencer street left for a two weeks' visit in Louisville, Ky.

Appointment of Ralph M. White vocational agriculture teacher at Morral and Harpster for four years, as instructor in the new vocational agriculture department at Brown township High school at Delaware, was announced.

TWENTY YEARS AGO

It was Friday, June 15, 1928.

U. S. Senator Charles Curtis was nominated at the Republican National convention in Kansas City for the vice presidency as running mate for Herbert Hoover whose nomination for the presidency had taken place at the preceding night session.

Value of Marion county church properties was placed at $1,208,440 in estimates at the county auditor's office.

When the deadline for filing for the August primary arrived 61 candidates were listed for county offices, congress and state central committee posts.

Taft's Chances Appraised

By Raymond Moley

WHILE this writer has no predictions to make he feels certain that the public greatly underestimates Taft's chances in the race for the nomination. There are many reasons for this neglect.

One reason is Taft's relatively poor showing in the polls. Another is the fact that most Washington political writers are too close to the trees to see the woods. In a recent Newsweek poll of 50 Washington correspondents only six believed Taft would be nominated. The firm belief that there will be a deadlock is shown by the fact that 28 of the 50 correspondents indicated that Vandenberg would be the nominee. This is a gross overestimate of Vandenberg's strength even in case of a deadlock. A deadlock is possible but not probable.

MOLEY

A careful check of everything procurable regarding delegate preferences shows Taft to be quite strong. Dewey will have more strength on the first ballot but Taft will be close behind on the second or third. At this writing a fairly conservative estimate gives Dewey about 300 on the first ballot and Taft about 200. On the second ballot Taft will gain more than Dewey. His strength then will be about 350. Dewey's nearly 400.

Lines Not Fixed

After that, a great many factors will be operating, some of which distinctly favor Taft. The convention will be fluid with delegations deliberately divided and ready to move wherever the best chances seem to appear for landing on the winning side.

At that point a heavy psychological factor will appear. Truman's weakness is so obvious that the convention will not be forced to pick the most popular candidate. Hence the poor showing of Taft in the polls will be ignored in political thinking. The bug-a-boo created by several political writers that if Taft is nominated Eisenhower will run against him is hardly credible. Taft is no isolationist nor is Eisenhower likely to change his determination not to run. Hence the delegates will feel confident that Taft can win if nominated.

An Aid to Taft

An exceedingly important factor in the mind of the average delegate-politician is regularity. He will ask himself which of the two—Dewey or Taft—is more regular. Which one will be more likely to listen to organization requests? Which one will best remember his friends? In this respect those who favor Taft have a persuasive argument.

It is undoubtedly true that Dewey has been as 'regular' as Taft. Certainly Dewey has responded to the legitimate patronage requirements of the New York Republicans. He has maintained harmony in his state party. Ed Jaeckle his early manager was set aside in 1944, but he is back now and is apparently happy. The loyalty of Dewey's intimates has been remarkable through the years.

However it is argued that politicians like Taft better than they like Dewey. It is said that despite Taft's obvious intellectualism he has a warmer personality than Dewey. This it is argued will swing the unattached to Taft if he has a chance to be nominated. And he certainly will have a chance — an excellent chance.

Let 'Em Eat Scallions

An Englishman has been awarded 4,000 damages for loss of his sense of smell.

That's one case where both the plaintiff and defendant are having to pay through the nose.

Still the sense of smell is undeniably a valuable thing especially inasmuch as one's best friend won't tell you.

Of course, loss of the ability to smell would have its compensations. Never again would you know when the people next door are having liver with their onions.

Yes sir, even if the citizen in question hadn't lost his sense of smell, $4,000 is not to be sniffed at.

In fact losing one's sense of smell could be an asset rather than a liability . . . especially in a campaign year.

Trouble in Pitcairn

By The Associated Press

AUCKLAND, New Zealand—Pitcairn Island's first school teacher is having a headache getting his prefabricated schoolhouse to the island. Meanwhile descendants of the Bounty who waited 150 years for a school will just have to be patient. New Zealander A. W. Moverley under contract to the British Colonial Service left New Zealand in March for Pitcairn via Suva, Fiji to set up the first school for the islanders. With him went his wife and daughter.

They are still in Fiji. He wrote a friend in Auckland.

The overhauling of the ship is causing delay. The loading of the buildings, furniture and equipment will take time. Then we have 3000 miles of difficult navigation followed by the headache of landing everything on a dangerous beach lifting it up a 300 foot cliff and finding a school site where the grade will not exceed one in six on this precipitous island."

Moverley has three Indian builders from Fiji with him and labour for building the school will be found on Pitcairn. The work is expected to occupy several months once the site is found.

Reflect upon your present blessings, of which every man has many, not on your past misfortunes, of which all men have some.—Dickens.

Honorary Degrees for 1948

Bishop Horace J.—Few men are more deserving of this high recognition. Throughout the past year you never once cut a doorstop worked on a prune program or dropped everything to run for a jackpot. Take a degree of Doctor of Extraordinary Walk power and help yourself to a glass of beer.

* * *

Moosejaw Basil R.—It's a pleasure to see you in today's line of honorary degree takers. So far as we know you are the outstanding example of manhood an American who having his old aunt dispose of her has neighbor have it at a low price instead of conniving with slick operators to get twice what it was worth. Take any degree that fits and won't you stay for lunch with us?

* * *

Carp Oscar W.—On numerous occasions you were observed standing in the doorway of a bus in the rush hour. Asked to step forward, you did so. A degree is not enough Oscar. Name your wish and you shall have it.

* * *

Wigglesworth Prentice K.—The university crowns you a man among men and a citizen extraordinary. Although in a position by a little skullduggery and a mild twisting of conscience to get money from the government you bothered to realize that Uncle Sam is being gypped right and left. As he is in a hole up to his neck and the rest is too good a guy to swindle. You also openly expressed concern about the Government's financial future even dropping the funnies to analyze the situation. You get not only an honorary degree but strawberry ice cream with cherries.

* * *

Crummett Thaddeus R.—You are an American workingman and union member. We have the positive proof that instead of blindly following a wild-eyed leader when you were convinced he was wrong you voted the other way at the special meeting. You were heard to make the statement on your feet and in a loud voice. I could be right, too. Take a box of cigars as you go out and help yourself to the chicken sandwiches and white meat.

* * *

Tuppe Hathaway G.—We want you to take a degree printed on special gloss paper and also $1,000 in cash. Called before a committee of the United States Congress in a time of national crisis to answer the simple question, "Are you a member of the Communist Party?" you did so. You did not demand to read a long statement. Furthermore you showed up without your lawyer. Get up there nearer the head of the line where you belong.

* * *

Cooksey Gerard K. H.—What are you doing away down here. We meant to honor you first. You shot a composer of radio jingles on sight. See us in the dean's office later. We're throwing a special party.

Non-Nature Boy

By TRUMAN TWILL

The barefoot boy with cheek of tan . . . blessings on him . . . is still supposed to get all the best of it when June breaks out all over, then erupts into July and fizzles out in August. Nonsense.

Take it from one who has tried it both ways that Nature Boy is an underprivileged character with stone bruises on his feet, a grudge in his heart and a yen to move to town.

It's the city kid that gets the breaks, as all city kids learn when well meaning benefactors round them up and send them to the country in the good old summertime to observe what goes on out there. It's pretty ghastly.

For one thing, it's spooky after dark and full of squawking, mooing, cackling braying and hissing in the daytime. It's too far away from the movies, there aren't enough kids to get up a ballgame, sidewalks are unheard of and there aren't any fire engines.

When you've seen one cow you've seen 'em all. There are water snakes in the swimmin' hole, which is overrated because it isn't deep enough or wide enough. There aren't any store windows to look into—and as for going barefoot . . . you kiddin' mister?

The country air is full of smells that give a city kid the willies—new-mown hay, wet grass in the early morning, plowed ground, musty swamps, barnyards, mince pies and beehives on a hot days in August.

He'd trade the lot of them for a whiff of exhaust fumes from a diesel, a deep drag of sewer gas, a puff of factory smoke or the heady aroma of the bakery when the next day's bread is being toasted.

He'd rather see a police cruiser than a tractor, soak up the wisdom of a new comic book than lie on his belly and study ants. He wouldn't trade a bottle of pop for all the cold sparkling well water there is.

He may look like a pathetic object as he faces another day in town with no chance to scamper over the fields in gay abandon, but don't let the little hypocrite's blank look fool you.

He's deciding whether to prowl through the city dump or the dime store. He's making a hard choice between taking in a gangster movie or getting his own gang together to pick a fight with the sissies on the other side of the tracks.

He is forming his character as a future citizen of the U. S. A.—and anyone who wants to stay in his good graces had better not bust off about the advantages of being in the country in the good old summertime. He's doing all right—right where he is.

GIRL SCOUTS HOLDING DAY CAMP EVENTS

Special to The Star

GALION, June 15—Mrs. Lorenzo Kreiter is almost as eager for day camp as the 675 Girl Scouts and Brownies in the three towns of this community. Day camp director, Mrs. Kreiter is now in the process of completing plans for the camp in Bucyrus, Crestline and Galion.

This will be the first time Mrs. Kreiter has had the three towns, having added Bucyrus this year. Her home is in Galion. She has had special training, in 1945 she attended a camp directors' course held at Oberlin college, Oberlin.

Day camp is preparatory for later troop camping. While the Girl Scouts will go home each night during the day camp they will be prepared to camp-out with their troop at some chosen later date. Day camp will be held four days Crestline June 22-23, 29-30 at Hamilton park Bucyrus, July 13-14-15-16 at Aumiller park Galion, July 27-28, Aug 3-4 at Heise park. There are 350 girls in Bucyrus where day camp training is being extended to all girls in Galion some 200 Girl Scouts and Brownies will participate, and Crestline has approximately 125.

Program Variety of Events

A day's schedule is typical: it will open with flag raising, and each day will close with the flag retreat ceremonies. During the day there will be nature walks, hikes, games, folk dancing, outdoor cooking, tin handicraft and stick puppets, story hour, dramatical sketching, etc., on the last night the Scouts and Brownies of Galion and Crestline will have campfires. There will be a special program presented by the Scouts and Brownies on the last night of the day camp in each of the three towns; this will be given for the parents. During the four-day period there will be several puppet shows.

For the training of outdoor cooking with the Brownies will be taught to prepare a one-pot meal. In meal preparation the Brownies will gather food, but only the older Scouts will build the fire.

The program each day will get under way at 9:30 a. m. and will be closed at 4 p. m., with the exception of the last night.

In Crestline Mrs. Kreiter will be assisted by a main staff composed of the following women: Mrs. C L. Nixon, Mrs. Harry Cramer, Mrs. W G Lambert, Mrs. L. Armstrong, Mrs. H Fisher, Miss Miriam Reynolds, Miss Minerva Morton and Mrs. Harriet Webster all of Crestline, and Miss Easley of Mansfield.

The Bucyrus staff includes Miss Helen Rorick, Mrs. L. Calber, Mrs. Arnold, Mrs. B Butterman, Mrs. George Stout, Mrs. J Cebe, Mrs. J Holloway, Mrs. C Wenninger, Mrs. R. Henlen and Mrs. J Virtue.

Those who will help Mrs. Kreiter in Galion are Mrs. Clinton Gerstenlager, Mrs. Roger Law, Mrs. Boyd Gifford, Mrs. Richard Curren, Mrs. C C Eitle, Mrs. Charles Sprow, Mrs. Ray Debolt, Mrs. Cecil McDowell, Mrs. Paul Durtschi and Mrs. Paul Warwick.

WHEN "LITTLE OLD NEW YORK" WAS NEW YEARS YOUNGER

JUBILEE RECALLS THE "OLD LOOK." How New Yorkers looked and worked and lived 50 years ago was shown to a new generation as 50,000 persons joined in a Jubilee parade. The occasion was the fiftieth anniversary of the consolidation of New York's five boroughs. At top, accompanied by bicycle cops garbed in the uniforms of the "Gay 90's Mayor O'Dwyer (front seat) sets out with a party in a four-horse tally-ho. Below, three scorchers are shown as they speed along Fifth Avenue on an 1895 model bike.

Your Good Health

By DR. HERMAN N. BUNDESEN

Nosebleed Can Be Serious

MOST of us think of nosebleed in connection with a childhood scuffle or a minor accident because these are the ways in which we ourselves have experienced it. But though nosebleed is usually a trivial condition, it can be serious.

The causes of nosebleed are many. They range from slight injuries to certain grave disorders of the blood such as hemophilia or leukemia. Fortunately, these diseases are rare and most nosebleeds are due to much more trifling causes. In children, for instance, bleeding is frequently due to the bad habit of picking the nose. Enlarged adenoids also make for nosebleeds and sometimes the infections of childhood such as measles and chickenpox, are accompanied by bleeding from the nose.

Severe Nosebleed

In older people severe nosebleed may be one of the first signs of cancer of the nose or nasal sinuses, or it may indicate the presence of tumors of other sorts. Those tumors, made up largely of blood vessels, are particularly prone to cause heavy bleeding. The most common location of bleeding from the nose is the lower part of the septum. In most instances, it is easy to see the point from which the blood is coming and often, putting pressure on the area is sufficient to stop the bleeding. This pressure is applied by holding the whole of the soft part of the nose between the finger and thumb and keeping it firmly pressed together for at least five minutes.

Where it is necessary to call a physician he may apply a piece of cotton soaked in epinepharine to the area for fifteen minutes. This will stop the bleeding temporarily. It also shrinks the lining membrane so that the small veins can be distinctly seen. Then the bleeding points can be burnt or cauterized with heat, chromic acid, or silver nitrate.

The patient should not lie down on his back while the nose is bleeding. If he does, the swallowed blood will cause him the additional discomfort of faintness and sickness of the stomach.

Questions and Answers

F D. What is smokers' patch?

Answer. This term refers to a condition known as leukoplakia, in which hard, white patches may form on the tongue and cheeks.

The exact cause of this condition is not known, although there is some evidence that it develops particularly in those who smoke a great deal.

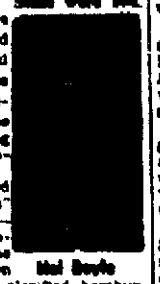
Roving Reports

By Hal Boyle

NEW YORK.—The Lord has drafted another good chef.

And he's taken him — Cesare Antonio ("Papa") Moneta — from a land that is getting short of good chefs and could use again some of the stately customs of a day that is dead.

Time is tearing down the great restaurants of the rich, and a change in living standards has also destroyed other patterns of the gilded age. Some were bad, but some were good—too good to lose. And among them was the leisurely enjoyment to fine food, a dying American tradition.



Hal Boyle

The horse-and-buggy palaces of the glorified hamburger, the hot dog and water orange juice stands—have risen to replace many grand restaurants.

A victim of this gulp-it-on-the-run trend in eating was "Papa" Moneta, who at the age of 80 has gone to join his master Escoffier in the heaven where gourmets gather.

One of the great restaurateurs of his century, Papa Moneta came into the world when eating was a fine art and left it with the conviction too many people had come to accept food as only something one had to take to supplement vitamin pills.

HE WAS A CASUALTY of the growing American obsession for the wilted lettuce sandwich and a profile figure too slim to cast a shadow. He had about as much interest in the nine-day diet as a turtle would in a six-day bike race.

For diets were simply not of his world. His world was the world of the gastronome and the epicure—of wine and wonderful foods, savored well eaten slowly and remembered long. It was the world of "Diamond Jim" Brady and Lillian Russell—of the three-hour lunch and the six-hour dinner. It was the world in which meals came in dishes instead of capsules.

"Papa" Moneta often bragged he was born with an iron spoon in his mouth. It was a kitchen spoon. And the rest of his life he kept close to kitchens. He began his career at the age of 14 in his native Italy working as an inn handyman for a dollar a month.

LATER HE WAS chef or head waiter in famous hotels and restaurants in Nice, Berlin, Rome, Philadelphia and London, where he worked under Auguste Escoffier, the celebrated French culinary artist.

In 1918 he opened his own place on Mulberry street—first at No. 34 and later at No. 32—and for almost 30 years it drew international notables and plain citizens to town looking for fine food well-served.

"Papa" Moneta's cuisine was a mixture from many lands—French, German, Italian, and American. He blended them in a way those who ate there will never forget.

But to keep a fine restaurant going customers with a palate are necessary. And customers who will take the time to relish food. "Papa" Moneta saw the tempo of the times was against him. People no longer would drop in at 3 p. m. for a cocktail, order dinner at 6, finish it at 9 and dawdle over brandy, wine and conversation until midnight.

IN 1942 he retired, mourning: "You can't make money these days running a fine restaurant and paying attention to good food. There are no gourmets any more. Everybody is in a hurry."

But "Papa" Moneta never was. Perhaps the household gods in heaven will let him rub a real restaurant for the thousands who now thrive up to the pearly gates still thoroughly fresh from that last meal on earth—a ham salad sandwich with a sodium benzoate dinner.

Time isn't so important, when you've no place else to go.

Red Blood Cells Must Be Kept Up If You Want To Feel Alive

Thousands Now Regaining Old Time Pep, Vigor and Drive By Releasing Vibrant Energy To Every Muscle, Fibre, Cell

Overwork, undue worry, and lack of certain foods often reduces the red-blood strength — and starved, weak, puny blood just hasn't the power to keep up your energy and drive.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may allow you in several ways no appetite, underweight, no energy a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that S.S.S. Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the S.S.S. Tonic formula which contains special and potent activating ingredients.

Also, S.S.S. Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood start on S.S.S. Tonic now As vigorous blood carries throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. S.S.S. Tonic helps Build Sturdy Health.

Marion Couple Visit Dayton Boy in Hospital

Mr and Mrs Carl Matson of 883 Woodrow avenue visited Sunday with Mrs Matson's second cousin, 14-year-old David DeHaven who is seriously ill in University hospital in Columbus suffering from leukemia The Matsons issued a plea here last week for blood donors to give transfusions to the boy and they received approximately 20 calls from persons who expressed the desire to help him if possible. None of those from Marion have been called on as yet. Mrs. Matson said, as a number of people from Dayton David's home town, have been giving transfusions

David's condition is improved, Mrs Matson said today, and the high temperature which he had has dropped several degrees The attending physician in Columbus has treated David with a new type of serum and he is given blood transfusions every other day Mrs Matson said the boy was in good spirits when they visited him Sunday David's parents, Mr and Mrs Earl DeHaven of Dayton, have been staying with him in Columbus during his illness

Wesley Church Is Scene Of Wedding Rites

WHITE gladioli arranged in a large bouquet ferns and lighted tapers held in two seven-branch candelabra decorated the altar and formed the setting for the wedding of Miss Jean Louise Latimore daughter of Mr and Mrs Foster D Latimore of 238 Bain avenue and F Eugene Reasoner son of Mr and Mrs W Irl Reasoner of 201 South Vine street Sunday afternoon in Wesley Methodist church Caught to the candelabra were white ribbon bows matching those marking the pews Rev H M McAdow pastor of Memorial Methodist church Columbus and a former pastor here read the double ring ceremony in an open church service at 3:30 o'clock

Mr Latimore escorted his daughter to the altar and gave her in marriage Her gown of frosted nylon marquisette was fashioned with a slim fitted bodice and bouffant skirt and her fingertip veil of bridal illusion was held with a heart-shaped tiara of seed pearls and orange blossoms The yoke of illusion was outlined with a soft bertha collar and the long fitted sleeves ended in points over the hands The skirt worn over a crinoline slip extended into a long train Her white testament a gift of her maternal grandmother was topped with a white orchid showered with rose petals shattered carnations and ribbons For something old she carried a handkerchief belonging to her great aunt, which had been carried by her cousin Mrs Cletus at her wedding and her jewelry was a strand of pearls, a gift from the bridegroom

Miss Betty Pence was the maid of honor and bridesmaids were Miss Martha Ekey and Miss Juanita Augenstein Their gowns of frosted nylon were fashioned on lines similar to the bride's with elbow length sleeves and outlined at the waist with peplums and all wore open crown white lace bonnets with bows and streamers matching their gowns Miss Pence was in aqua, Miss Ekey in yellow and Miss Augenstein in pink The maid of honor carried a colonial bouquet of pink roses and the bridesmaids' bouquets held pink and yellow carnations Miss Emma Bishop, in a pink frosted nylon marquisette gown and carrying a nosegay of yellow and pink carnations, lighted the candles

W Irl Reasoner Jr., brother of the bridegroom was the best man and the guests were seated by Richard Latimore brother of the bride Thomas Baldwin Dean Hinamon Jr and Arthur Holloway

The wedding music was played by Mrs Cecil Davis, organist, and Miss Donna Crabtree song. The organ numbers included "Through the Years," Youmans, "Oh Promise Me," DeKoven, "My Hero" Strauss, "Ah, Sweet Mystery of Life" Herbert and "Estrellita," Ponce The traditional wedding marches were used and during the ceremony Mrs Davis played "Intermezzo," Provost. Miss Crabtree sang "One Alone," Rombert, "Indian Love Call," Friml and "Because," D'Hardelot and at the close of the ceremony "The Lord's Prayer," Malotte.

For her daughter's wedding Mrs. Latimore chose a dress in an aqua shade with which she wore black and white accessories The bridegroom's mother wore a pink sheer costume with white accessories Both wore corsages of white carnations

For the reception held in the social rooms of the church the decorations were in shell pink and seafoam to carry out the bride's wedding colors. Flowers and tapers on the table were in these colors and there was a four tiered wedding cake Assisting were Mrs. Fred Bumgarner, Mrs Patty Ann Ruskman, Mrs. Chandis Haines Mrs Arthur Noble, Mrs Robert Wilson and Mrs. Paul Augenstein.

The couple are motoring through the southeastern states on their wedding trip For her going-away costume the bride chose a suit in a toast linen shade with which she combined toast and white accessories and she wore her wedding orchid Upon their return they will make their home with the bride's parents until fall when the bridegroom will resume his studies in the college of commerce at Ohio State university

Both Mr. Reasoner and his bride are graduates of Harding High school with the class of 1943 Mrs Reasoner is affiliated with Iota Alpha chapter of Pi Omicron National sorority and is employed in the office of the county clerk of courts The bridegroom served two and one-half years in the U S Army, 18 months of which was with the 63rd Infantry in the European theater While in service he attended Shrivenham American university at Shrivenham, England

Out-of-town guests were from Mansfield, Huntington, W Va., Flint, Mich., Portsmouth Mt Victory and DeCliff

The rehearsal party was given by the bridegroom's parents at their home At this time Miss Latimore presented her attendants with earrings and Mr Reasoner gave his best man a tie and belt and presented the ushers with ties and tie clasps

ISRAELI CHIEF SLAIN. The supreme commander of Israeli forces, Col. David Marcus (above) was killed in Palestine just before the truce went into effect. A West Pointer who made a record in World War II, Marcus was reported to be responsible for the creation of the Jewish army in the Holy Land. After his death, Prime Minister David Ben-Gurion enabled Mrs. Marcus to write that she will live forever in the annals of the Jewish people. (International)

MOTHER BOUND OVER IN DEATH OF CHILD

By The Associated Press

CINCINNATI, June 15—Mrs. Mary Clay Watts, 42, was bound over to the grand jury today on a charge of murder in connection with the poison death of her daughter, Barbara Ann, 11.

The action was taken by Mayor R. Edward Tepe of Norwood, a part of greater Cincinnati, after Loyal Martin, attorney entered a plea of innocent for the woman. Tepe also is police judge of Norwood.

Martin said no application will be made for bond for Mrs. Watts, who was arrested early Sunday morning. Barbara Ann died May 13 of mercury and barbiturate poisoning, according to a pathologist report.

Mrs. Watts' arrest at the direction of Prosecutor Carson Hoy followed another report by the pathologist that Willis Watts, father of the girl and husband of the accused woman, also died of poisoning in 1944.

Chief of Norwood Police Charles Fritz said Mrs. Watts answered questions readily yesterday. She evaded giving exact answers to some questions, however, he said, by telling her questioners to "ask my attorney."

Norwood officers and Hamilton county police said they have been unable to trace the source of the mercury or barbiturate. Several leads, they said, have proven false.

Chief Fritz said Mrs. Watts was questioned from 8 a. m. yesterday until 4 p. m. She was also questioned in the evening.

She told a reporter her daughter was insured for $500 as an infant. The insurance was increased to $1,500 before the death of Mr. Watts in 1944, and was further increased to $3,500 about a year ago. She said she carries $1,500 insurance on herself.

Coroner Herbert P. Lyle also has ruled homicide in the death of Mrs. Watts' husband, Willis. A pathologist's report showed his death as caused by arsenic, although it was attributed to uremic poisoning. He had been an invalid for 27 months by a trailer accident.

HYBRID CUB GETS LION'S SHARE. The first "tiglon" in history to be sired by a tiger and borne by a lioness this cub faces a tough future. Already it has been rejected by its mother and is given special feeding by Mrs. Joseph Sloane, wife of the Salt Lake City Zoo superintendent. It seems there has been one case in which a "Tiglon" was sired by a lion and borne by a tiger and as it grew older indicated its hatred of both man and beast. So a special cage is being built to keep the cub from other animals. (International)

OVERRIDING OF VETO PAVES SECURITY WAY

By The Associated Press

WASHINGTON, June 15 — An overridden presidential veto today opened the way to large benefit payments to blind people and dependent children, but barred federal old age pensions to some 750,000 job holders.

Mr. Truman objected to the bill on the grounds (A) that the increased benefits were not high enough and (B) that more, rather than fewer people should be brought under the social security program.

Shortly before the veto message was read in the house, that chamber did vote to extend the program's coverage to some 3,500,000 more persons—mostly employes of state and local government agencies and non-profit organizations.

But that was far fewer than the number Mr. Truman wanted included. He had asked congress to add 20,000,000 persons to the 39,000,000 now on the Social Security rolls.

The house turned to the veto message soon after it was declared. It voted 297 to 75—well over the required two-thirds—to override. A little more than three hours later the senate capped a brief but stormy debate by going along with the house, 65 to 12.

Explosive Failure

By The Associated Press

AUCKLAND, New Zealand—Thirty New Zealand scientists are debating whether much of New Zealand may blow up. Meeting at Rotorua they are concerned with the future of thermal and seismic regions and some weighty questions are being raised.

Will Rotorua the center of the thermal area disappear in a terrific eruption? Will the geysers and hot springs dry up? Is volcanic activity from Ruapehu moving toward the south? Is the North Island of New Zealand really safe to live in?

It will take 100 years before any degree of certainty can be obtained in the answers to these questions," said Director M. Ongley, of the Geological Survey department. "Now geologists don't know."

EMPHASIZES NEED FOR BETTER PRISONS

By International News Service

CANON CITY, Colo. — Most modern prisons offer young criminals "a post-graduate course in crime" according to Roy Best, Colorado's foremost authority on penal institutions.

Best has spent much of his time "behind bars" for the past two decades, not as a prisoner, but as a keeper of those who have violated the legal mores.

For 17 years he has been warden of the Colorado State Penitentiary at Canon City. During this time he has gained a deep understanding of the reasons men become law-breakers.

Best maintains strict control over his "guests" at Canon City and there has been only one real prison break since he became warden. Last Dec. 20, 12 hardened convicts seized several guards and fought their way to freedom. But the break was short-lived and all 12 were either dead or back in confinement in a short time.

Best said:

"The leaders in that escape attempt, are men without hope—all serving long sentences."

55 Days' Freedom in 21 Years

Best pointed out that one of the leaders, John Smalley, has had only 55 days of freedom since he was 15 years old. Smalley is now 36.

Best explained that Smalley and the others like him are kept in the same institution with 170 prisoners who are 30 years old or younger. He continued:

"The state provides no segregation. All the inmates, including 135 men serving life terms for serious crimes, are confined together, regardless of age, penalty or conduct."

Best believes that consequently the penitentiary offers "post graduate" courses in the progress of criminal development from the industrial school at Buena Vista and the reformatory at Golden.

The veteran warden emphasized the need for more progressive prisons, and pointed out that 17 per cent of the inmates at Canon City now are veterans of the last war, and 75 per cent of the men sentenced since V-J day are veterans.

DECISION BOOSTS VETERANS' BENEFITS

By The Associated Press

WASHINGTON June 15 — American war veterans stand to gain billions in new benefits today because of (1) A supreme court decision on insurance payments and (2) House passage of two bills to boost pensions.

The tribunal yesterday reversed a lower court's decision which would have required the veterans administration to pay up to five times the value of some national service life insurance (NSLI) policies.

That cleared the way for the VA to start paying insurance dividends to 18,000,000 World War II veterans or their heirs. The payments are expected to total up to $2,000,000,000. Until the court decision was made the VA wasn't sure it would have the money.

The house measures (similar to bills already passed by the senate, would mean a boost of about $100,000,000 a year in pensions to widows and orphans of both World wars and a $61,829,000-a-year increase to dependents of all veterans with service-connected disabilities.

Payments of insurance dividends probably will start in about a year VA Insurance chief H. W. Breining said.

Home Made Tractor

By The Associated Press

DES MOINES — Two Manchester farmers have a tractor they built themselves after a visit to junk yards and used car dealers. Carl Antons and his brother-in-law, Lester Childs needed a light, speedy tractor for hay baling. Unable to find anything to suit their needs, they built their own machine for about $800.

Features of their tractor include two speeds in reverse instead of the usual one, and a five-speed transmission which combined with a two-speed rear axle gives the tractor 10 speeds forward from one to 35 miles per hour.

May Double Age

By The Associated Press

MANILA — The Philippines may be twice as old as geologists thought they were. Geologist I. Paniza of the National Museum has returned from the big island of Mindoro with mollusk fossils from the Mesozoic period, which goes back 120,000,000 years. Filipino geologists, on the basis of previous fossil findings, have always placed the Philippines in the Caenozoic period running back 60,000,000 years.

BUMPER WHEAT CROP FOR OHIO PREDICTED

By International News Service

COLUMBUS, June 15 — Ohio farmers will harvest a bumper wheat crop next month.

The Ohio Cooperative Crop Reporting Service estimated today that the wheat harvest in the Buckeye state will total 58,080,000 bushels. This would be 14 per cent higher than last year and 30 per cent above the ten-year average for the years 1937 to 1946.

The yield per acre is expected to average 24½ bushels per acre, two bushels above last year's yield.

Ohio farmers also will harvest a bumper oats crop. Conditions on June 1 gave indication that the oats crop would total 67,234,000 bushels. this would be more than twice the crop of last year when heavy spring rains washed out most of the Ohio oats.

Rye on June 1 gave promise of a crop of 374,000 bushels, down from last year while barley was forecast at 572,000 bushels as compared to 980,000 bushels in 1947.

The Service said that up to June 1 the season had been quite favorable for both hay and pasture development. All hay averaged 87 per cent of normal while pastures were rated as being 91 per cent of normal.

The June 1 forecast for peaches was 936,000 bushels, eight per cent less than 1947 but still seven per cent above the 1937-46 average.

Milk production per cow in herds kept by Ohio crop reporters averaged 21.7 pounds on June 1, up one-tenth from last year.

Ohio's chickens laid 267 million eggs during May, a two per cent drop from a year ago.

New Drug Tried

By The Associated Press

MANILA — A drug from the penicillin family has shown favorable results in treating scrub typhus — the so-called Japanese river bed fever which so far cannot be prevented by present typhus vaccine. This report was made by a 13th Air Force observer with an army medical research team conducting tests in Kuala Lumpur, Malaya. The drug is chloromycetin. Army doctors so far have treated 25 patients with it and none has developed complications or died.

FAVOR NEW MILLIONS FOR ALASKA DEFENSE

By The Associated Press

WASHINGTON June 15—New millions for defense projects in Alaska and for stockpiling strategic war materials were recommended today by the house appropriations committee. In a $483,068,361 appropriation bill—cut $113,205,144 below the amount President Truman had asked—the committee:

1. Approved $260,000,000 in cash and $200,000,000 in contract authority for the purchase and stockpiling of critical and strategic national defense materials.

2. Granted $32,700,000 of a $40,000,000 request for continuation of Army construction projects in Alaska.

3. Approved $47,883,300 in cash and $50,000,000 in contract authority for navy public works construction, this including major defense installations in the Aleutians and Pacific areas.

4. Approved $3,000,000 in cash and $8,000,000 in contract authority for construction of a commercial airport at Fairbanks, Alaska.

Recommended $6,000,000 for emergency flood repair work in the Columbia river valley. Another $500,000 was approved for disaster relief there and elsewhere as it might be needed.

Divorce Easy

By The Associated Press

WARSAW, Poland — It's easy to get a divorce in Poland if man and wife agree that's what they want. Poland's divorce law says a decree may be granted to any one after three years of married life without any cause being assigned if both parties agree to it. If a man and wife do not agree, then as many as 11 reasons for dissolving a marriage are provided.

Aid Warsaw

WARSAW — Voluntary contributions for the reconstruction of war-ruined Warsaw have reached $450,000,000. Engineers say the city may be rebuilt by 1955. The cost is estimated at $28,000,000,000.

BOYS' STATE SWINGS INTO FULL ACTIVITY

Program Gets Under Way as Officers Are Elected.

Buckeye Boys State activities were well underway today at Ohio Wesleyan University in Delaware following election of the "state" officers yesterday.

Six Marion county boys were among those casting ballots yesterday to choose the Legion sponsored boys state governor and other key offices.

Jack O. Mason, 17, Hubbard high school junior was elected to the top office, The Associated Press reported today. He led his opponent, Charles D Montgomery, 17, of Euclid 480 to 400 votes.

It was a personal victory for young Mason. He ran on the Federalist ticket, but the other party—the Nationalist—polled the highest number of votes in electing Royce H. Vaughns, Cleveland, as lieutenant governor. Vaughns won with 471 votes.

Supreme Court Judge Charles B. Zimmerman swore in the office holders last night.

Jerry Miller of Salem, Nationalist, was lected auditor with 462 votes; Philip A. Decker of Hubbard, Federalist, attorney general with 468 votes; Clive H. Rush of Springfield, Nationalist, treasurer with 455 votes and William B. Daly of Stow, Federalist, secretary of State with 456 votes.

On the non-partisan judiciary ticket, Thomas J. Swisher of Mansfield was named chief justice of the supreme court. The associate justices elected were Ronald R. Myers of Galion; William C. Wilks of Hamilton; Fred A. Zerull Jr., of Mount Vernon; William M. Herlichy of Shelby; Robert F. Lichtenberger of Wooster and Edwin J. Lilly of London.

Candidates were selected at party conventions which opened following morning services in Gray chapel and St. Mary's church, on the campus at Ohio Wesleyan university, scene of the "boy's state" the day's activities were climaxed by a mass parade and rally at Selby stadium where Edward J. Hummel, secretary of state, spoke on election procedure.

Today all state, city and county governments were organized and started conducting their affairs. A general conference of all the officers met in Sanborn hall this morning, while the afternoon was spent in organizing the departments of state.

Sketch of a Possible WHITE HOUSE HOSTESS

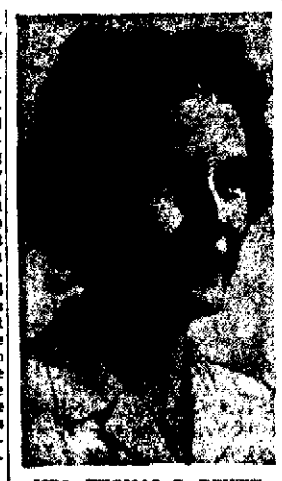
—Frances Hutt Dewey—

(One of a series of daily articles about wives of men in the list from which the Republican nominee is likely to be chosen.)

* * *

THERE'LL be music—good, vocal music—in the White House if New York's Gov. Thomas E. Dewey wins through to the presidency .... His pleasing baritone voice is more than matched by Mrs. Dewey's even better mezzo-soprano .... They love to sing together .... In fact, that's how they first met .... However, good voice or no—unlike Margaret Truman, the present president's daughter—there'll be no concert tour for shy, self-effacing Frances Hutt Dewey .... She has no personal ambitions .... The social whirl has few attractions for this handsome woman who does not look her 45 years .... To date she has held her entertaining to a minimum .... Her job, as she sees it, is to be the capable wife of her famous husband and the business of rearing her two sons —Tom, Jr., 15, and John, 12—whose activities she rigidly supervises ....

TODAY, NO ONE would guess this quiet home-maker once appeared in George White's Scandals, a Broadway musical revue .... Her stage name: Eileen Hoyt .... However, she also sang often in church choirs .... Daughter of a railroad brakeman, Frances Hutt of Sapulpa, Okla., won a high school singing contest that brought her a University of Oklahoma scholarship. .... However, she preferred music and loyal Sapulpans raised funds to send her to New York to further her study of that art. .... After her brief stage career she worked as secretary to a Chicago voice teacher, Percy Rector Stephens, in exchange for voice lessons.



MRS. THOMAS E. DEWEY

IT WAS THEN she met young Tom Dewey, a University of Michigan student, who had won a Michigan first prize and a national third prize by his singing, plus a scholarship under Stephens. Their courtship lasted five years .... They were married June 16, 1928. .... The Deweys set up housekeeping in a $75-a-month apartment .... Born in Sherman, Texas, in 1903, Frances Hutt Dewey already lists a president among her relatives .... She is a great-great grand niece of Jefferson Davis, who was the first and only president of the Confederate States of America.

Pledges Made To Underwrite Debt on New Marion Church

Pledges to entirely underwrite the debt of Central Christian church, made by the congregation's recent purchase of Ekowan on Mt. Vernon avenue, the former King-Brown home, were given by members of the congregation at the building dedication program held Sunday at the church. The affair was also a homecoming celebration for all former members and ministers.

Approximately 1,000 persons from Marion and other towns in Ohio were present at the various services throughout that day which included the regular morning worship service, the afternoon dedication program, the evening vesper service and the open house at the parsonage at 310 Bellefontaine avenue.

Here for the occasion as guest preacher was Dr. Harry Bell, former minister and now pastor of the Columbia Heights Christian church in Washington, who delivered the sermon at the morning worship hour. His subject was "A Church To Meet the Challenge of Our Day."

Afternoon Sermon

The sermon of dedication for the church building in the afternoon was preached by Rev. Herald Monroe, state secretary of the Disciples of Christ, and Rev. Eldred Johnston, the pastor, led the congregation in the ritual of dedication. Greetings were extended by various organizations and visiting church delegations, addresses were given by Rev. Melvin Keeran, pastor of the Caledonia Church of Christ and former elder of the Central church congregation here, and Rolland Sheaffor of Indianapolis, Ind., treasurer of the denomination's board of church extension, and short talks were given by Miss Luella Scholl, one of the charter members of the church, and Rev. M. L. Buckley of Marion, now retired and a former pastor of this church. Elmer Weimer, chairman of the official board, presided at the afternoon service.

The vesper service was held at 7 o'clock in the evening on the church lawn with Rev. Ray Bosh, former deacon of the congregation and now pastor of the Christian church at Mantua, O., preaching the sermon.

Greetings Read

Greetings were read from former ministers of the church, Rev. George Groves of Columbus and Rev. Charles Pearce of Hiram, O., and from former members of the congregation who are now in the ministry, Rev Cecil McKee of Huntsville, Texas, Rev. Ronald Sarrat of Indianapolis, Rev Winston Bell of Indianapolis and Rev. Keith Bell of Lexington, Ky. The latter two ministers are sons of Dr. Bell.

In the evening from 8 to 11 o'clock, Rev. and Mrs. Johnston received about 150 church members and friends of the congregation at the parsonage in an open house event.

At noon, a potluck dinner was served on the lawn of the church to about 200 people. The afternoon program and the vesper service also were held on the lawn at the church.

Out of town guests present for the day's activities were from Findlay, Toledo, Bucyrus, Kenton, Caledonia, Columbus, Bellefontaine, Galion, Mt Gilead, Kirkpatrick, Cleveland and Wooster.

Woman Held to Jury After Disturbance Here

Mrs. Pearl Elizabeth Gattshall, 38, of 272 Cass avenue, pleaded guilty today in municipal court to a charge of burning personal property valued at $75, filed by police. She was bound over to the grand jury under $500 bond by acting Judge Don Williamson and was removed to the county jail.

Mrs. Gattshall was arrested by police at 3:47 a. m. yesterday at the home of Harold Huggins, 272 Cass avenue where she had been employed as a housekeper. Police charge she set fire to a table, mattress, and other furniture and broke out almost all the windows in the front of the house before officers arrived and arrested her. The fire was put out by city firemen who were summoned by police. Cruisermen had visited the Huggins home an hour and 45 minutes earlier the same night when a call was received reporting a disturbance there.

Electric Saw Stolen From Lumber Yard

A mechanically minded thief broke into the lumber shed at Lockwood Lumber Co., 160 North Greenwood street, last night, climbed a 10-foot high partition and stole an electric saw valued at $125 owned by Delos W. Guthrie of 703 Silver street, a carpenter employed at the lumber yard.

Loss of the saw was discovered by Guthrie at 8 a. m. today when he started to work at the lumber shed. Police were summoned and an investigation is in progress. No reason has been discovered for the theft of this one item from a room which contained a large number of expensive tools of all types, a company spokesman said.

Reports Fine Arrests On Traffic Charges

Five persons were arrested on traffic violation charges in the Marion area over the weekend, the state highway patrol reported today.

William E. Flavin of Mt. Gilead, arrested at 2 p. m. Saturday on highway 61 near Mt. Gilead and charged with operating a motor vehicle without benefit of driver's license, was fined $5 and costs in mayor's court in Mt. Gilead last night. Wallace J. Harpster of Columbus, charged with operating a motor vehicle with insufficient lights at 9:45 p. m. Saturday on highway 42, was fined $5 and costs on a plea of guilty in mayor's court, Cardington.

Ralph Conkle of 901 East Church street was fined $10 and costs in municipal court yesterday on a charge of failure to display license on a trailer. He was arrested at 3:30 p. m. Sunday on route 23. Dale R. Thomas of Hotel Marion was fined $5 and costs in municipal court yesterday, following his arrest on a charge of failure to obey a stop sign at 2:30 p. m. Saturday on highway 30-S.

Presidential Aspirant Stops Off in Marion

Robert Alvin Bender, Chicago hotel operator, stopped in Marion today enroute to the Republican convention in Philadelphia where he hopes to press his candidacy for the Republican nomination for president.

Bender declared that he had received 324,000 votes for the GOP nomination in the Illinois primary April 13, whereas his nearest competitor, Gen. Douglas MacArthur, had received but 6,472, but that Illinois Governor Dwight Green now refuses to abide by the decision of the voters by demanding that the Illinois delegates vote for himself for the Presidential nomination and not Bender.

Bender, who is motoring to Philadelphia where the GOP convention will begin June 21, is campaigning on a platform which includes the repeal of the Taft-Hartley law, income tax reduction, and the scrapping of the Marshall plan. He also opposes universal military training.

In Norway, most office workers work only from 9 a. m. until 3 p. m. six days a week.

In Loving Memory

In loving memory of Cora Kuhn who fell asleep June 15 1947

Sometimes when our hearts are weary
Or our task seems hard to bear
When in burdens life appears
And we deem the right all wrong
Then we gain a new fresh courage
As we rise to proudly say
Let us do our duty bravely
This was our dear mothers way

Thus we keep her memory precious
While we never cease to pray
That at last when lengthening shadows
Mark the evening of Life's day
They may find us waiting calmly
To go home our mother's way

surface increased drainage into the storm water sewers he said

Other Areas Benefit

In addition to affording relief to the southeast residential section the new diversion will afford similar relief to the streets draining into the Columbia street trunk line which serves virtually all the south section of the city Mr Lytle pointed out

Present conditions are such that the Columbia street storm sewer can't handle the load with water backing up all along the line after each rain, wetting basements not only in this section but in the Columbia street area as well he declared

With the new diversion south taking the heavy drainage load from our section off the Columbia street sewer both areas will benefit, he added

The new cut off south is to comprise a four foot storm sewer extending from the first alley east of Reed avenue and run south to connect with the Ququa open ditch, draining out of the city to the south It will take care of a 260 acre section of the city east of Reed avenue and Barnhart street and extending north as far as the New York Central railroad

To Cost $40,000

Plans for the improvement are on file in the office of the city engineer and call for an expenditure of approximately $40 000

Other legislation passed by council gave authorization to the safety service director to contract for improvements at the office and screen house installations of the city sewage disposal plant Improvements include installation of new electric wiring and other minor changes Cost was estimated at approximately $1 000

Council also gave authorization for an appropriation of $1,300 from the general fund with $1-000 going to the park fund for operation of the city recreation program and $300 to the city treasurer for incidental expenses

Two public hearings neither contested saw council approval given for city zoning changes permitting operation of a frozen custard drive in establishment at 701 North Main street by Finley Drury and operation of a dry-cleaning establishment at 294 Leader street by Ralph Taylor Both petitioners were represented by Attorney Edwin B Spohn

MARION HORSE WINS TOP SHOW HONORS

Bucyrus Entry" Also Rates High at Dover.

Horses of the Turf and Tanbark club of Marion took top honors in western paint horse events this past weekend at the annual American Legion Dover horse show a three-day event at Dover O.

"Smokey" owned and ridden by Larry Hall of Marion and "Desert Paint" owned and ridden by Mrs. June Rowe of Bucyrus, both local club members, took first and second places in the western parade event in that order to top a field of all classes which numbered 365 head.

"Smokey" won two first place ribbons, one second and one third place in western horse events and shows promise of this year beating his own record set last year when he won 20 first places in 30 shows.

"Golden Rose's" palomino stablemate, of "Smokey" also owned and ridden by Mr Hall won two third place ribbons against a large field of palominos from all over eastern Ohio and western Pennsylvania.

"Smokey" is a 9-year old blue roan and white paint gelding standing 14 hands "Desert Paint" is a five year-old palomino stallion.

Desert Paint" ridden by Mrs Rowe of Bucyrus, attracted much favorable comment when he became known he won no first place in his second show. Desert Paint is a 5-year old stallion.

Both of Hall's horses will show this weekend at the American Legion horse show at Berea.

Bucyrus Boy Injured When Struck by Truck

Special to The Star

BUCYRUS, June 15—A seven-year-old Bucyrus boy was seriously injured here Sunday night when struck by a truck as he ran into the street.

Gary Van Emig is in City hospital suffering from a fracture of the left leg, possible fracture of the skull and severe lacerations. Police said he ran out into the street and into the path of a parcel delivery truck driven by Marvin Cooper 36 of near Bucyrus. Cooper was not held.

The boy was playing with his brothers and sisters in front of his home at the time of the accident. He is the son of Mr. and Mrs. Charles Emig of 535 South Prospect street.

Young Angler Catches Two-Pound Crappie

What is believed to be the largest crappie taken out of Marion county waters in recent years was caught by 14-year-old Gene Haymer of 376 Monroe street yesterday.

Haymo dropped his minnow baited line into the Owens quarry located about five miles south of Marion and hauled in a two-pound, one ounce crappie measuring 18 inches in length.

It took him six minutes to land it, he said.

New York Stock Quotations

NEW YORK, June 15—Stock prices settled into lower price ground in lackadaisical trading in today's market.

Losses were mostly fractional and a few issues managed to cross to the plus side.

Turnover was slow and the ticker tape frequently came to a complete halt. One of the few sizable blocks of stock to sell was a lot of 4 800 shares of Graham Paige at an unchanged price.

Lower prices were paid for U S Steel, U S Rubber, Montgomery Ward, Douglas Aircraft, Kennecott Copper, Cerro De Pasco, Owens-Illinois, Southern Railway, Standard Oil (NJ), Pacific Western Oil, and paramount pictures.

Among the gainers were Caterpillar Tractor, D Pont and Twentieth Century-Fox.

Muncie Reds Send Marion Cubs to 7th Place with 4 to 3 Victory

Hoosier's Larry Miller Wins Tight Pitching Duel with Peet

Special to The Star

MUNCIE, June 15—The Muncie Reds won a 4-3 decision here last night to sweep their three-game set with the Marion Cubs.

The loss was Marion's seventh straight and sent them another step down toward the Ohio-Indiana league cellar. With a record of 20 wins and 26 losses, the Cubs stand seventh in the eight-team loop, 10 games behind the Reds, who cling to their one-point first-place margin over Springfield with the win.

Marion leaves today for Zanesville where they will meet the third-place Dodgers in a two-game series before swinging up to Newark and then home Saturday night.

Tight Duel

Lefty Larry Miller and Right-hander Ray Peet engaged in a tight pitching duel. Miller allowed seven blows and Peet eight. Miller whiffed six and Peet eight.

Marion scored twice in the opening frame on a single by Bohlander, a triple by Neukirch and an infield out, but could not push over another run until the ninth when Gene Bobzean tripled and scored on Ostrander's long fly.

The Cubs had the tying run on second when Stan King, hitting for the pitcher, rolled out to Joe Sutton at second base. King joined the club yesterday as a catcher.

Muncie scored twice in the third on a double by Ford and singles by Miller and Carl Bush and added two runs in the sixth, both unearned. All three Marion runs were earned.

In the sixth Bob Nieman doubled, then was thrown out at third when Sutton rolled to Schnepf at shortstop. Frank Santora walked and Peet, attempting to pick the nimble Sutton off second threw the ball into center field. Both men moved up and both scored on fielder's choices.

Shuford Sent Away

Manager Lew Bokesa was reported to have shipped outfielder Bob Shuford today to Elizabethton, Tenn., in the Appalachian league to make room on the roster for King, who was sent to the Cubs from Springfield, Mass.

Lou Castrovince was also reported to have been released, but where he will go was not determined.

BALLISTICS, the art or science of projecting missiles, e.g. baseballs, by an engine, e.g. some 40 ounces more or less of stout ash or other hard wood shaped in the form of a club, the whole to be gripped at the small end swung in such a manner as to contact said missile at the right time and with such force as to drive it out of a ball park, or failing that out of the infield, was a lost art to the Marion Cubs last week. The old explosive that had propelled the Bruins nearly to the top of the Ohio-Indiana league in batting averages fizzled, the Cubs faded and fell, from fourth to sixth in the loop standings.

As a team, the Bruins batted but .189, the only bright spot in the picture being the batting of their three big B's—Bolduc, Bohlander and Bobzean—all of whom hit over .300 since leaving last Thursday on their current road trip.

Bolduc took over the batting lead, his .357 topping the list of those who have been at bat over 100 times, though Bobzean, who joined the club last week, has a higher average, .389, as does the club's leading pitcher, Nick Alivojvodic, who stands .343.

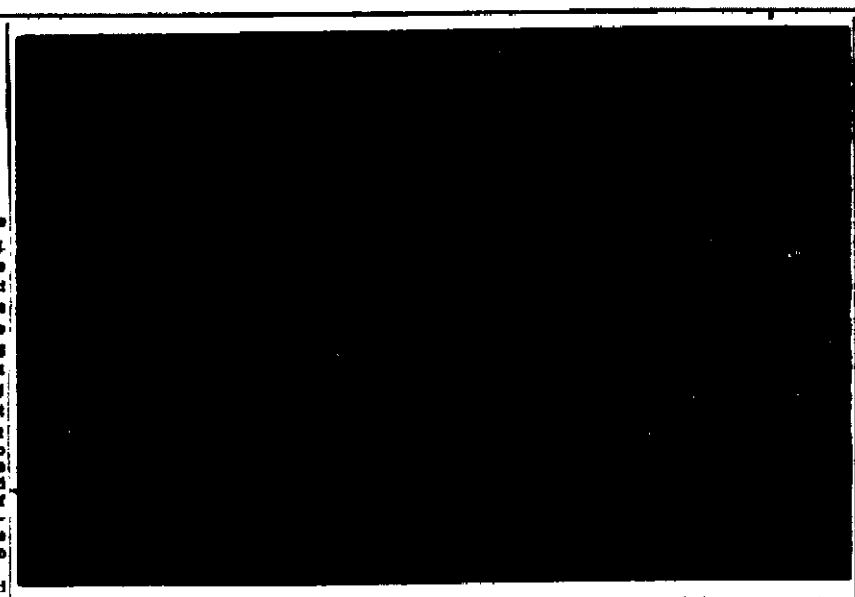
Bokesa slipped into another clump that skidded him down to .243; Shuford hit zero-for-twelve, dropping 29 points to .324; Neukirch remained in his slide, tumbling to .256.

STAFF SERGEANT Robert Grace, a Marionite and Marion Cub fan now stationed in Columbia, S. C., wrote his wife recently of the success of Frank Smith, the Cubs' mound ace of last year who was grabbed in the draft by the Cincinnati Reds after turning in a no-hitter here. Frank, now twirling for the Columbia Reds in the South Atlantic league, was their first pitcher to win six games, which included a one-hitter, a three-hitter, two four-hitters and a seven-hitter.

Battle Royal Booked Thursday

Jack Terry, Rod Fenton, "Irish" McGee, Eddie Williams and Renee LaBell will be featured at Thursday night's mat massacre at the Armory, Lee Fishbaugh, wrestling promoter announced today.

A battle royal will be the event of the evening, followed by a 45-minute semi-final scrap between the second and third maulers to be ejected from the ring in the battle royal, and a two-hour go between the last two. A paper-weight preliminary will begin the fireworks at 8:30 p. m.



RUTH ACKNOWLEDGES STADIUM CHEERS — Babe Ruth, wearing his famous No. 3 uniform, doffs his cap to plaudits of crowd as he carries bat up to home plate during ceremonies marking the twenty-fifth anniversary of Yankee Stadium (June 15) in New York before the New York Yankees-Cleveland Indians game. The Babe's old Yankee locker was sealed and his No. 3 was officially retired during the silver anniversary ceremonies.

JOIN AA HERO BENCH WITH WINNING BLOWS

By The Associated Press

St. Paul's George Fallon, diminutive second baseman, and Toledo's Red McQuillan were crowding the American Association's hero bench today

Fallon singled home the winning run that gave the Saints a 10-9 verdict over the league-leading Indianapolis Indians last night. The Saints, snipping the Tribe's edge to 4½ games, scored four times in the last of the ninth to win the hard way. Culley Rikard, hard-hitting outfielder, gave the Tribe its big margin with a grand slam homer—the first to be registered in St. Paul's Lexington Park this year.

McQuillen ended a 13-inning marathon at Minneapolis with a 8-run homer to give Toledo a 5-3 decision. Bob Raney went the route for the Hens and scattered a mere seven hits. Monte Kennedy was nearly as effective for the Millers until he was lifted for a pinch-hitter in the 12th. Kennedy twirled a no-hitter his last time out.

Milwaukee fortified its second place spot with a 7-2 win over Columbus. Ray Martin spaced six hits for his third victory, one of the blows being a homer by Barney Olsen.

The Brews belted three pitchers for 10 hits, including Damon Phillips' 10th round tripper and Skippy Roberge's collection of a triple and two singles.

Bill Woop, allowing only two hits in the last 7⅓ innings of a relief role, led Kansas City over Louisville 11-4. Al Rosen's triple with the bases loaded featured the Blue's five run third inning.

Godoy Says He Can Beat Louis

By The Associated Press

COLUMBUS, O., June 15—Arturo Godoy, the South American heavyweight from Chile, still believes he can whip Joe Louis.

Godoy said so last night after scoring a four-round technical knockout over Irish Pat Richard, Columbus ex-Marine who had piled up an impressive 30-fight record.

It wa sthe first kayo on Richard's slate, but sharp-punching Godoy had him on the mat for three counts of nine before Referee Gus Lesnevich, light-heavyweight king, stopped the fight, and his count at seven, with the Columbus scrapper prone on the canvas.

"I am 34 years old. So are Walcott and Louis," Godoy said. "I have been winning a lot of fights and am ready for any of them."

Major League Trading Season Ends Tonight

By International News Service

NEW YORK, June 15—The trading season in the major leagues closes at midnight tonight, and several clubs which need replacements badly may make a last-minute deal

For instance, the three metropolitan clubs—the Giants, Yankees and Dodgers—are in dire need of pitchers.

Chicago's White Sox would give up Orval Grove or some other pitcher to New York for Tommy Byrne, but the Yankee brain trust wants to hold on to this promising southpaw.

Brooklyn may recall Jack Banta from the pitching staff of its Montreal farm.

No regular games were scheduled yesterday because half of the sixteen teams were riding the rattler (or flying) for the round of intersectional engagements which begin today

Once again the magnates are going almost all-out in their yen for night games. Brooklyn entertains Cincinnati in the afternoon, but all of the other seven games will be played under the arc lights

In tonight's National league games, Pittsburgh invades New York, Boston entertains the Chicago Cubs, and the Phillies will play host to the St. Louis Cardinals

The American league schedule is New York at Chicago, Washington at St. Louis, Philadelphia at Detroit, and Boston at Cleveland.

Lenczyk Leads Field In College Golf Tourney

By The United Press

COLUMBUS, June 15 — Grace Lenczyk of Newington, Conn., representing Stetson university, led the field into the opening round of match play tonight in the National Collegiate Women's golf tournament.

Miss Lenczyk, a member of the victorious U. S. Curtis Cup team just returned from its triumph in England, will be matched in this morning's opening round with Marilyn Herpel of Washington university who qualified with an 84.

The Stetson university golfer shared medalist honors in the qualifying round yesterday, turning in a four-under-par 72, setting a new Ohio State university course record.

Shirley Spork, defending champion from Michigan State Normal and runner-up to Miss Lenczyk with a 73 yesterday, is paired today with Alice O'Neill of Rollins college. Miss O'Neill shot an 83 on the first trip.

DONAGH HITS 1ST GRAND SLAM HOMER

Going into the fifth week of softball in the Church loop last night, M. Donaugh rapped the major blow of the circuit in crashing a homer with three aboard for Greenwood in the first inning to pace the Greenies to a 10-3 win over F.C.B.

Epworth placed a strong bid for the league lead upsetting Forest Lawn, 18-3, and St. Mary No. 1 swamped St. Mary No. 2, 21-8 in six innings. Oakland fortened to Trinity.

Greenwood outhit F.C.B., 11-7. Epworth outhit Forest Lawn 11-4 and St. Mary No. 1 counted 14 safe blows to 5 for St. Mary No. 2.

DRIVES TWO WINNERS

By The Associated Press

CHICAGO, June 15 — Eddie Cobb, Washington Court House, O., drove two winners last night in the Grand Circuit inaugural races at Maywood Park's half mile track. Cobb won with Logan and Wm. Abbe. He shared driving honors with Harry Burright, Mendota, Ill., and Tommy Winn, Northville, Mich.

Rookie Pitcher Owes Success To His Mother

By The Associated Press

FREMONT, O., June 15—One regret that rookie pitcher Jim Driftmyer will have when he reports for duty at a Cleveland Indians farm club is that he won't be able to take along his warm up practice catcher—who happens to be his mother.

Jim, newly signed by the American league leaders for duty with Batavia, N. Y., in the Pony circuit, can truthfully say that he owes most of his baseball success to his mother. Hardy 45-year-old Mrs. J. B. Driftmyer.

Mrs. Driftmyer's interest in her son's baseball career began 15 years ago when his father was hit on the arm by one of Jim's speed balls.

With the elder Driftmyer sidelined by the arm injury, Jim's mother immediately donned the catcher's mitt and has been serving as her son's warmup receiver ever since. Jim's father wanted no part of his son's baseball pitching—and turned over the job to Mrs. Driftmyer.

Jim, a four sport star at nearby Gibsonburg High school, was signed by the Indians after a workout with the Cleveland club. It was a high spot for the 18-year old professional rookie.

But he contends that the high point in his baseball career came when he presented a gift to his warmup practice mother this year—a no-hit semi pro victory over Fremont on Mother's Day.

SPRINGFIELD WINS ODD WALKATHON

By The Associated Press

Odd doings in the Class D Ohio-Indiana baseball league reached a season high mark last night at Springfield.

Zanesville Manager Ray Hathaway juggled four pitchers as effectively Springfield managed only five hits. But Zanesville lost anyway 7-6.

Forest Daisy started for the losers. In the four and one-third innings he pitched, he issued 10 bases on balls. All told Springfield received a dozen free tickets to first base.

But Springfield's three pitchers, who allowed 10 hits, weren't to be outdone in issuing passes. They walked 14.

The win kept Springfield on Muncie's heels in the race for the league lead. Muncie behind lefty Larry Miller's effective pitching, beat Marion to sweep a three-game series, 4-3. It was Miller's eighth win against three defeats.

In other games, Newark tallied seven runs in the first inning and made them good for a 7-2 win over Portsmouth and last-place Richmond beat Lima 8-3 as Hal Luddy spaced nine hits. Luddy has won four of the 10 games Richmond has captured this season.

CLARISON TOMMIES MEET

A meeting of the Clarion Tommies 4-H club was held Monday June 7 at the home of Mary Lou Van Gorden on the Edison pike. Miss Esther Augenstein, a guest, gave a talk on how to care for pigeons before a fair showing. A program hour followed and refreshments were served. The next meeting will be June 21 with Gloria Lashey on Harding Highway East.

CLASS CLOSES SEASON

The Loyalty Bible class of the Forest Lawn Presbyterian church closed its season Thursday with a picnic at the home of Mrs. Lowell Cook south of Marion. A potluck dinner was served at noon and the afternoon was spent socially.

REPORTS KEYS DIED OF NATURAL CAUSES

By The Associated Press

NEW YORK, June 15—Harry J. Keys, veteran cartoonist of the Columbus, O., Dispatch, died of natural causes, medical Examiner Benjamin Vance reported last night.

Keys was found dead Sunday night in his Hotel Lexington room and police first listed it as an "apparent suicide."

His wife, Ruth, 38, was found unconscious in the room. She was reported in good condition at Metropolitan hospital today.

She told police her husband was upset after she took four sleeping pills. He took the bottle of pills from her she said and collapsed a few minutes later after telephoning for the hotel physician.

Dr. Vance said the 55-year-old Keys death was "not suspicious." The medical examiner said Keys died of a congestion of the viscera.

The body was claimed by a son, Dr. Harry J. Keys Jr. of St. John's hospital, Brooklyn. He said burial will be in Columbus.

Contest honors were won by Mrs. S. D. Ross and Mrs. Gene Winters. Guests were Mrs. Maynard Snyder and daughters, Marjorie and Nancy and Betty and Beverly Cook. The next meeting will be Sept. 2.

MEETING AT BOUNDARY

A meeting of the Boundary will be held Wednesday at 8 p. m. at the Boundary church, two and one-half miles north of Bilkins. Guest speakers will be Dr. and Mrs. David Rigby, who have been attending Asbury Seminary and have been called as missionaries to the Magdalena river area in Columbia, South America. Both were educated at Handsworth, Birmingham, England. Mrs. Rigby is a nurse. Everyone in the vicinity of the church is invited to attend the meeting.

Black Bass Season Opens Tomorrow

COLUMBUS, June 15 — Raising a family is a job for anybody—even a fish—and it's expected to have the appetities of Ohio black bass whetted to a razor edge by the time the season opens tomorrow.

Hundreds of thousands of Ohio anglers are expected to crowd the Buckeye streams when the fish break loose from their confinement of the spawning season.

E. L. Wickliffe, chief of the state conservation division's fish management and propagation section says the spawning season reached its peak during the past week. The season closed May 1.

The season opening tomorrow has nothing to do with Lake Erie black bass, protected since May 25. They don't become fair game until July 1.

Smitty's Go Down To Gorman Rupp, 3-2

Smitty's softball team dropped to a second place tie with Ashland in the NCO league last night by losing a 3-2 extra-inning decision to Gorman Rupp of Mansfield. Rupp now claims sole possession of the loop lead.

With one away in the eighth and three on, two of the Smittys failed to hit. Walters and Howison each hit safely on two occasions to pace the losers. Seven Marion runners died on base. Marion led in hits, 6-5.

Tiffin will be guest here Wednesday at Crystal lake park in the next league fray. Game time 6:30 p. m. Line score:

Smitty's	001 001 00—2 6 2
Mansfield	101 000 01—3 5 1

Budge Meets Adler In Tennis Tourney

By The United Press

NEW YORK, June 15—Don Budge of Hollywood, runnerup last year, today moved into action in the second round of the National Professional tennis tournament at Forest Hills.

Budge faced Harry Adler of White Plains, N. Y., while seventh-seeded Wayne Sabin of Bretton Woods, N. H., played Dinny Pails of Australia in the only other singles match scheduled.

Doubles competition was slated to begin today.

Four players already have reached the quarterfinals in singles—Jack Kramer, Frank Kovacs, Welby Van Horne and Pancho Segura.

Ike Duffy Named Pro Cage Loop Head

By The Associated Press

CHICAGO, June 15—Ike Duffy, owner of the Anderson, Ind., Packers, is the new president of the National basketball league.

He was elected yesterday at the league's meeting at which five applications for franchises were reviewed and tabled for definite action in Chicago June 30.

Applications have been filed by Louisville, Des Moines, Hammond, Ind., St. Louis and Chicago.

The league now consists of Tri-Cities, Syracuse, Toledo, Anderson, Sheboygan, Oshkosh and Detroit. Rochester, N. Y., Minneapolis, Fort Wayne, Ind., and Indianapolis bolted to the Basketball Association of America this spring.

Crash-Land Plane Near Bucyrus, Slightly Hurt

By The United Press

BUCYRUS, June 15—Stan Shelley and William Wise, Bucyrus businessmen, suffered lacerations of the face Sunday night when the small plane in which they were riding crash-landed in a soybean field near here.

Shelley, who was piloting the Barcoupe, said the forced landing was caused by engine failure. Damage to the plane was slight.

In Plain Words

By James Marlow

WASHINGTON

DON'T — in the huge rush of news from here—overlook an historic step just taken by the senate.

It has just passed the "Vandenberg resolution," only seven paragraphs long.

That resolution gave the President a signal to start great wheels turning. Before they stop.

1. We may be arming the countries of western Europe.

2. We may be in military alliance with those countries.

3. The world may be divided into two armed camps, one led by the United States, the other by Russia.

Every word in the seven paragraphs of the resolution was gone over with the utmost care by the state department and the senate foreign relations committee. They took months doing it.

James Marlow

The committee members, made up of Democrats and Republicans, approved the resolution. And the chairman, Senator Vandenberg, Michigan Republican, introduced it in the senate last Friday.

So carefully was the language of the resolution chosen that Vandenberg asked the senate not to tamper with a word of it.

He spoke in detail about its meaning. He said it was meant only for the security of the United States. He said it was aimed at no one. (The only one it could have been aimed at is Russia).

But for seven hours the rest of the senators argued about it. Some of them frankly feared its consequences and said it would wreck the United Nations.

The resolution simply advised the President that, for the safety of this country, he should "pursue" a number of "objectives." One of them was this:

"Association of the United States, by constitutional process, with such regional and other collective arrangements as are based on continuous and effective self-help and mutual aid, and as affects its national security."

BRIEFLY, THE RESOLUTION by itself does nothing. It merely tells the President he has the senate's blessing if he tries to work out a plan or treaty with other countries to protect this country.

But among the things he could do, although the resolution didn't say so in so many words, are these:

Work out a treaty to arm those countries of western Europe which are playing ball with us instead of Russia.

Or, even work out a military alliance with them, which probably would mean promises from us to help them if they're attacked.

This was made pretty clear in the debate.

But—and this is where the phrase "constitutional process" comes in—such a treaty would mean nothing and could not be put into effect unless it was first submitted to the senate and the senate approved.

SO, ALTHOUGH THE SENATE here is telling the President to start something, anything he does can't work unless the senate looks it over and says it's OK.

You may ask: Well, why then is the resolution so important if, in the end, the President can't do anything suggested in the resolution unless the senate says it's all right?

In the first place, it clearly shows how far this country—and particularly the senate, which years ago kept us out of the League of Nations—has moved from its old-time isolationism.

Before World War II we had carefully avoided—under the Monroe Doctrine — getting into any kind of military alliance in peacetime with any group of foreign nations.

Further, if we wind up in a military alliance with western Europe, Russia isn't likely to sit idly by, biting its nails.

The only purpose of such an alliance at this time in history would be to set up a wall of steel against any western move by Russia.

That would mean splitting the world into two camps; America and her friends whoever they happen to be, and Russia and her friends.

And at this point it would be hard to say what meaning would be left to the United Nations.

NEVER TOO LATE. Divorced for 32 years, Mr and Mrs. Claude Patrick, Overland, Mo., fell in love all over again and are shown here after their remarriage. The romance was rekindled when Patrick, 80, met a daughter he had never seen before. Mrs Patrick, 56, had a second husband who died two years ago.

"Doc" Waddell Here With Circus Today

"Doc" Waddell, pastor of the "canvas church" with Mills Bros. circus exhibiting here this afternoon and tonight, in a visit to The Star office today recalled the early days of circus traveling and reminiscences of former visits to Marion.

Rev. Waddell, who toured the country as a press representative around the turn of the century is now known as "Doc" Waddell. He recalled visiting with President and Mrs Warren Harding when they were in newspaper work and later as President and first lady of the nation. He held special "remembrance service" for friends in conection with his daily Sunday school for the 50 odd children of the performers with the show this morning.

With the circus as boss of the horses is "Blackie" Diller, and Jack Sweetman, snare drummer with the show's band, both former residents of Marion.

2,000 Attend Annual Police, Firemen's Dance

A crowd officially estimated at almost 2,000 attended the annual police and firmen's benefit dance at Crystal Lake park pavilion last night. Music was by Howdy Gorman and his NBC society orchestra from Chicago.

Benefits derived from ticket sales to the annual dance are used for the upkeep and maintenance of the police and firemen's summer cottage near Fremont.

KIN OF MARIONITES TO WED OVER RADIO

Couple Will Appear on Program Thursday.

A Columbus girl, Miss Barbara Jo Todd, whose mother is a former resident of Morral, and her fiance, Robert Andrews, also of Columbus, are to be married on the national radio program, "Bride and Groom," Thursday. The broadcast is heard from Hollywood over the ABC network at 2:30 p. m. over Marion station WMRN.

Miss Todd is the daughter of Mr and Mrs Harry Todd of Columbus and the niece of J. E. Parker of Morral. Mrs John Ruth of Bain avenue, Marion, and Mrs. Cloyd Wygle of South Grand avenue, Marion. Her mother is the former Miss Cloyta Norton of Morral. Mrs. Ruth and Mrs Wygle are sisters of Mrs. Todd.

The couple's opportunity to be married on the "Bride and Groom" broadcast came about as the result of a letter written by Mr Andrews to the directors of the program in which he told them of their courtship. Miss Todd and Mr. Andrews met through friends on a blind date while still in high school.

They applied for marriage on the program in January. They left Columbus Thursday for Hollywood, accompanied by Mr Andrews' mother, Mrs. Meyers of Columbus.

Miss Todd is employed with the state civil service commission in Columbus. Mr Andrews, a veteran of World War II, is a student at Ohio State university in Columbus.

As a result of being married on the broadcast, the couple are given a five-day honeymoon along with a number of household items.

The U S Army used DDT to stop a typhus epidemic in Naples during World War II.

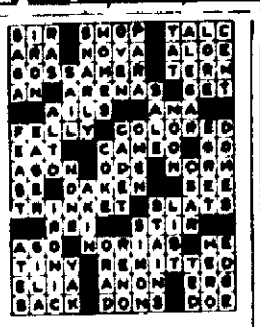
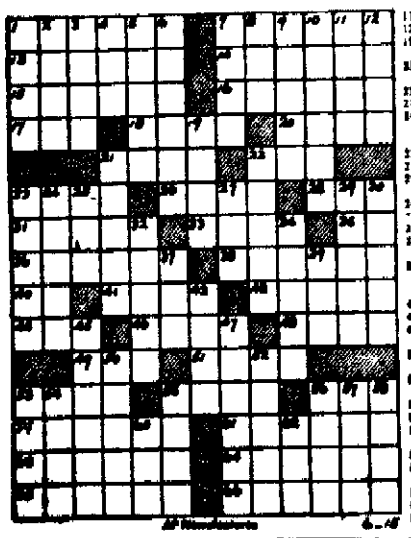
Solution of Yesterday's Puzzle





TODAY'S BIRTHDAY

WALLACE WADE, born June 14, 1898, startled football circles when he put Alabama's Crimson Tide among the top college teams. Then he moved to Duke and made Blue Devils a crack outfit. A World War I training camp captain, he became a lieutenant colonel in World War II artillery. He saw combat services, bossed 12th Army Group athletics then went back to his work at Duke.

One Man's Opinion

By WALTER KIERNAN

There have been no takers for wives at $10,000 each. This may be the beginning of the recession.

• • •

Or they may have picked the wrong time. . . They're competing for the consumer's dollar with new cars and the cars have been on order longer.

• • •

But Europe will find it hard to believe that we are as well off as we have claimed to be. Not while the market is glutted with girls willing to marry for a paltry million pennies.

• • •

Only the reelection of Jimmie Petrilla to a ninth term can restore their faith in our democratic methods. Here is a man who doesn't seek office. . . He just stays in it.

• • •

Jimmie says he has no present plans for lifting the ban on making records. It also appears that musicians have no present plans for lifting the shades while making them.
